

IN A SAD WAY.

The Government party in Mexico from latest advice appears to be headed west with Tolcin bottled up in the town. Vasquez beaten by Porras at above. Rome, and the weather continues stopping him from making any progress. It is confidently expected that as soon as General Chamorro reaches the remnants of arms looking for them.

...economical and more efficient than in the bar. Gold Dust, one of the best and the best examples of soap powder, can be used more economically than any soap because the quantity desired can be measured out and no more used, with the whole cake or a portion of it being put into the water, not only wasting more than is really needed, but also cooking the rest of the cake with water, which does not improve it. Indeed, some soaps lose much of their goodness by leaving the unused part of the cake in water.

Even if only the amount of soap desired is shaved off, some time is required for dissolving it, while Gold Dust dissolves immediately at the same time it dissolves the hard lime and other salts, making the water as soft as rain water.

Of All the Records

NEW YORK, Dec. 8.—Still ahead of all records the leaders in the six-day bike race today set a pace which lowered existing speed marks still further.

Fourteen teams still remained in the race, nine of them being tied for first place, four others are one lap away and the reconstructed team, Germain and Carapezzi, forty-nine miles behind.

Between 11 and 12 o'clock last night one of the best sprints ever seen in the garden took place. All the teams were in it and the riders tore around the track at a terrific pace while thousands of onlookers cheered frantically. The sprint lasted twelve minutes and when the riders stopped speeding the score board showed that Galia and Keegan had lost a lap in the wild scramble. This team entered a protest.

TROUT CREEK CATTLE COMPANY INCORPORATES

The Trout Creek Cattle Company of Hayward, with a capital stock of \$20,000, has filed articles of incorporation with the county clerk. The incorporators are Charles G. Gould of Danville, Cal., and Fred F. Allen, Rinaldo Reid, Charlie Allen and Thomas P. Russell, all of Hayward.

WOMAN POOL SELLER

Caught by Police

CHICAGO, Dec. 8.—The first woman to be arrested by the police on the charge of running a handbook in Chicago was taken in custody yesterday. She is Miss Laurel Johnson, also known as Laura Nelson. She and Harry Dudley were arrested by detectives from the central station as alleged handbook operators.

Detectives found the man and woman in Dudley's cigar store and took them to the station, where both gave bonds for appearance this morning. A formal charge of keeping a gambling house was entered against them. Miss Johnson is well known in the vicinity under the name of Nelson. She is about 25 years old.

TRACTION COMPANY IS SUED BY A BLACKSMITH

A Dable, a blacksmith, has brought suit in the Superior Court against the Oakland Traction Company for \$15,825 damages for personal injuries sustained by being struck by a Grove-street car, which so mangled his left leg that it had to be amputated a few inches below the knee, and inflicted other serious hurts.

WANTED A JOB

LONDON, Dec. 8.—Poet William Watson was disappointed because he could get neither title nor pension, according to Miss Violet Asquith, daughter of the British Premier. To this she attributes his astounding statements in American that she and her stepmother figured in his poem as "The woman with the serpent's tongue." She declared he had made her father's life miserable with his persistent demands and had failed.

The poet, according to Miss Asquith, asked for a large literary pension and expected that the announcement of his birthday would be made on the King's birthday a year ago. When it did not come out he became peevish and blamed her mother and herself for not appreciating his greatness, she said.

The correspondent requested that Miss Asquith make a full statement of her side of the controversy but she firmly declined. John Lane, who published the volume of William Watson's poems, which has had a big sale recently, announced last night that in all subsequent editions "The Woman with the Serpent's Tongue" will be omitted.

On account of the notoriety of the poem, Watson's latest book was in strong demand. So long as the identity of "the woman" remained a matter of guess work, the publisher used the mystery for all it was worth in advertising the book, but now that Watson has indicated who was meant, Lane says he does not care to assume the responsibility.

NEW YORK, Dec. 8.—Poet Watson said to a reporter last night in reference to the withdrawal of his poem without his authority that he would not allow it either in this country or in England. He declared he would contest any such action of the publisher in the courts. Mr. Watson will call upon Joseph H. Choate, former American minister in London, and consult him concerning proper action to take.

Kermit Roosevelt Is After Antelope

NAIROBI, B. E. A., Dec. 8.—Kermit Roosevelt arrived here today. He is going to Mombasa on a hunt for antelope. He has just secured two bongos. Colonel Roosevelt is expected soon from Njoro.

Music Without a Parallel

Enjoy the best cuisine in the land amid the environments of good society. Hear the Kagr-Oesterreicher Kapelle, perfect harmony stringed orchestra, at the Saddle Rock Cafe, Thirtieth street, between Broadway and Franklin.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivaled as a remedy for all throat and lung diseases. Sold by Oxand Drug Company.

NEARLY DROWNED IN THE CREEK

While Trying to Spear Salmon They Are Caught in the Flood

FAIRFAX, Dec. 8.—While attempting to spear salmon by lantern light from two bridges crossing the San Anselmo creek, near this point last night, Albert Stradler and Charles Nelson were carried into the turbulent stream and painfully injured. Owing to the heavy rainfall the creek was running at a rapid rate and Nelson and Stradler thought it would be a good time to catch salmon.

Procuring lanterns and gaff hooks with long handles they took up their stations on two small footbridges that cross the stream within 200 feet of each other. Nelson, who was on the upper bridge, lunged with his gaff and in a second later found himself in the muddy waters of the creek. Stradler on the bridge below heard his companion's cry for help. Holding his own light beneath the bridge, he braced himself for a sudden jerk and prepared to catch Nelson as he went by, but he too, was carried off his feet into the torrent.

The two young men succeeded in reaching the shore. Nelson's hand, badly lacerated where he seized the sharp gaff with which Stradler had attempted to rescue him, and his companion is suffering from a deep scalp wound which he believes was inflicted by a floating log.

The local authorities are of the opinion that the men have escaped serious injury for their attempt to catch salmon out of season.

MINISTER GRILLS PROHIBITIONISTS

Rev. William Watson Declares That Liquor Business is Legitimate

NEW YORK, Dec. 8.—The Rev. Dr. William Watson of Riverside, L. I., was the principal speaker at the annual dinner of the American Wine Growers' Association here last night.

"I think the liquor business as legitimate as a trade," he said. "The prohibitionists have declared war upon every branch of the liquor traffic. They think that by calling everything rum they will give the business a bad name. The movement has much of truth and hypocrisy.

"For sixty years a great religious denomination has been teaching that the use of any alcoholic drink is a sin. This doctrine is a menace to the industrial and moral welfare of our people but the fault for its widespread popularity lies largely with ministers who detect the prohibition movement, but do not make their opinions public. Four-fifths of the citizens of my denomination are opposed to prohibition, although they favor a sane temperance. People are following the prohibition movement because they have been misled by misrepresentation and fraud. Ninety-five per cent of those who use liquor use it temperately.

"The Government should attempt to popularize the lighter alcoholic beverages. The American wine growers are producing our best temperance drink."

Lineman Slashes His Throat With Knife

SACRAMENTO, Dec. 8.—W. G. Grant, a lineman formerly in the employ of the Pacific Gas and Electric company at San Francisco, was found this morning with an open gash in his neck, inflicted with a small pocket knife during the night while in a fit of despondency.

He said he could not get justice from his former employers, whom he charged with being responsible for an electrical shock sustained while working in South San Francisco last spring, which threw him from a pole, fracturing his hip.

He had walked the streets all night with the blood flowing from the gaping wound in his neck. He will recover.

CHICAGO TURNS OUT TO SEE THE HORSE SHOW

CHICAGO, Dec. 8.—In spite of a mercury hovering near the zero mark and flurries of snow which marked the first real touch of winter, the second night of the horse show was almost as popular as the opening.

The big stock yards amphitheater was filled comfortably, and while society did not brave the rigors of winter as on the previous night there was a sprinkling of handsomely gowned women in the boxes around the arena.

Among the most interested spectators were the Countess of Beaumont, who occupied a box with M. H. Killgallon, father of the Countess Beaufort, Major, the Honorable John Graham Beaufort, D. S., Seventh Hussars, Aldershot, England.

MEDICAL OFFICER TO ADDRESS MEN'S LEAGUE

Dr. N. K. Foster, medical officer of the Oakland schools, will deliver an address tomorrow evening before the Men's League at the Pilgrim Congregational Church, Eighth avenue, near East Fifteenth street. The occasion marks the regular dinner of the league and it will be attended by the members and invited guests. The league is a strong organization and wields a powerful influence over the men of the city. The lecture to be given tomorrow evening will touch upon Dr. Foster's duties, methods and the necessity of medical inspection. His work in the public schools here last fall. His explanation of the work thus far accomplished in the local schools will prove very interesting and instructive.

HARRISON CHILDREN TO GET TWO MILLIONS

NEW YORK, Dec. 8.—The two children of the late Mary Crocker Harrison, first wife of Congressman William Harrison, will inherit nearly \$2,000,000 each from the estate left by their mother, according to the accounts of the executors which have just been approved by the Supreme Court here.

Mr. Harrison before her marriage was known as Mary Crocker, daughter of the late Charles F. Crocker of San Francisco. Her husband died in 1901.

STILL AT LARGE

San Francisco Police Claim They Have a Clue to Thug

SAN FRANCISCO, Dec. 8.—Detective Arthur Macphree, who has been making strenuous efforts to locate the desperado who held up three drug stores and a pedestrian and murdered William J. Schneider, clerk of the Burns Hamman Baths, on Saturday night, believes he has a clue which will bring about the man's arrest.

Reports from various sources telling of mysterious strangers seen in different parts of the city and rumors of suspected thugs have kept the officers busy running them down. Detective Macphree however, has discovered a trail of the murderer after his revolver was taken from him in the tussle in front of the Hotel Savoy. He is endeavoring to follow this up and is hopeful that it will ultimately lead to the apprehension of the right murderer.

The other threads which have been connected with the arrest of Brooks, alias Anderson are being followed up also and Detective Macphree today called at the house at 711 Stockton street in order to find out who the third man, who it is claimed has been seen around there, may prove to be. The several lack of streets in the city directory have been run down and have proved that they knew nothing of the man whom the Walla Walla police claim to have taken the hat marked O. L. A.

WANTED A JOB

On account of the notoriety of the poem, Watson's latest book was in strong demand. So long as the identity of "the woman" remained a matter of guess work, the publisher used the mystery for all it was worth in advertising the book, but now that Watson has indicated who was meant, Lane says he does not care to assume the responsibility.

NEW YORK, Dec. 8.—Poet Watson said to a reporter last night in reference to the withdrawal of his poem without his authority that he would not allow it either in this country or in England. He declared he would contest any such action of the publisher in the courts. Mr. Watson will call upon Joseph H. Choate, former American minister in London, and consult him concerning proper action to take.

Wanted a Job

LONDON, Dec. 8.—Poet William Watson was disappointed because he could get neither title nor pension, according to Miss Violet Asquith, daughter of the British Premier. To this she attributes his astounding statements in American that she and her stepmother figured in his poem as "The woman with the serpent's tongue." She declared he had made her father's life miserable with his persistent demands and had failed.

The poet, according to Miss Asquith, asked for a large literary pension and expected that the announcement of his birthday would be made on the King's birthday a year ago. When it did not come out he became peevish and blamed her mother and herself for not appreciating his greatness, she said.

The correspondent requested that Miss Asquith make a full statement of her side of the controversy but she firmly declined. John Lane, who published the volume of William Watson's poems, which has had a big sale recently, announced last night that in all subsequent editions "The Woman with the Serpent's Tongue" will be omitted.

NEW YORK, Dec. 2.—Governor Hughes has taken up the consideration of prospective legislation for the control of airship fleets. He believes, it is rumored, that such legislation will soon become a reality in this State. Cordanti F. Elshoff, president of the Aero Club of America, with whom Governor Hughes recently took the question, is of the opinion that his organization that the Governor favors the adoption of laws defining the right of an aircraft to fly over another's property. He is also in favor of restrictions upon the carrying of passengers in balloons and aeroplanes.

Interesting Program Is Put on During the House Warming

By breaking a bottle of champagne over its symbol, a huge arrowhead, the Seminole Social Club officially opened its new club rooms in Maple last night with several hundred guests present.

A program of dramatics and music preceded an hour of informal dancing.

During the rendition of the program greetings were read from Mayor Mott of Oakland and Mayor-Elect P. H. McCarthy of San Francisco.

Charles Harvey, one of the pioneer members and now secretary of the club, told of its inception and growth from a coterie of three boys chums to its present membership of forty. The club is now four years old and the rooms just opened are the third quarters to be occupied. The members enter upon a three-year lease and upon its expiration expect to build upon their property on the shores of Lake Merritt.

GIVEN STAIN-SHOWER.

The house warming last night was also made the occasion of a stain shower. Other ornaments were received for the handsome rooms, as well as quantities of flowers.

The rooms were finished by the members personally, each superintending his special detail.

The Seminole, besides being a social club, fosters athletics, the club holding the boating championship of California.

The next dance of the club will be given Friday evening.

Among the guests last evening were:

Miss Edith Snow	Miss Georgie Evans
Miss Fay Snow	Miss Gladys Gardner
Miss Lawrence	Miss Edna Carroll
Miss Annette Logan	Miss Hazel Palmer
Miss Louise Emory	Miss Ethel Warner
Miss Mary Clancy	Miss Ruth Ether
Miss Mattie Butler	Miss Edna Kelley
Miss Lorena Dickey	Miss Laura Judge
Miss Fanny Fetterhoff	Miss Hazel Hart
Miss Mable Healewood	Miss Anna Rohl
Miss Richard H. Glesman	Miss Elizabeth McArthur
Mrs. F. H. Stephens	Miss Paula Pinkerton
Miss Anita Plunkett	Miss Esther Rohl
Miss Julia Hyden	Miss Althea Gorman
Miss Gladys Chapman	Miss G. Spencer
Miss Alvin Dunn	Miss Laurine Smith
Miss Helen Peterson	Miss Nellie Hatcher

The officers of the club are Eugene Van Antwerp, president, Edward Gorman, vice-president, Charles Harvey, secretary, Jack Hatcher, treasurer, which is followed by C. A. Lundberg, Alfred Mulvaney, Charles Spangler, William Hatch, board of directors.

COUNCIL TABOOS NUDE PICTURES

Alameda to Tax All Forms of Poster and Billboard Advertising

ALAMEDA, Dec. 8.—For the purpose of discouraging this form of advertising the City Council last night considered two stringent ordinances fixing a tax on all forms of poster and billboard advertising within the city. Two ordinances were introduced, fixing a two and one-half cent tax on all billboards and posters except those in street cars.

The proposed ordinances which last night were introduced are the outcome of a determined movement on the part of prominent residents of this city to stop this form of advertising which is claimed to be detrimental to the appearance of the city. Besides this the rubbish from bill poster's equipments has been dumped in the streets, to which the street department has been protesting for some time.

Two ordinances were introduced at last night's meeting, one making it legal to tax advertisers and the other fixing the rate of the license. The first one defines as billboard advertising any sign or poster attached to board, fence, post or tree. The second ordinance arbitrarily fixes the sum to be paid for the license besides fixing penalties for violation of the statute and prescribing the method to be pursued in billboard advertising.

The ordinance classifies billboard advertising any poster pasted or tacked on fences, posts or walls, with the exception of street car advertising posters. A quarterly license was fixed at the rate of two and one-half cents per square yard for each quarter, the aggregate amount, however, to be not less than five dollars for the three months. Advertisers will be required to file an affidavit with Chief of Police Conrad, fixing the location and size of the boards, as well as the nature of the advertisement.

NO MORE NUDE PICTURES.

Nude pictures of the human figure or any objectionable advertising matter will be strictly barred. The regular billboard owned by advertising contractors, will be taxed the same as other board advertising, and the boards must fill the specifications attached to the ordinance, which provide for heavy anchor posts and strong construction, with adequate bracing. The ordinance also forbids the dumping of rubbish from billboards or bill poster's wagons on the street.

Any violation of the ordinance will be classified as a misdemeanor, punishable by a fine of less than \$100, imprisonment for fifty days, or both.

ANNOUNCEMENTS

A PRESENT FOR EVERY WOMAN

Bell Theater Management Will Give a Handsome Souvenir to Lady Patrons of the Bell Every Thursday Afternoon.

Beginning with matinee tomorrow, the lady patrons of the Bell Theater will receive a gift from the management. This is purely an expression of the good will felt by the Cohn Bros., in appreciation of the splendid patronage they have received during the past year.

Every Thursday will be souvenir matinee day and every lady will be remembered whether she occupies a seat on the main floor or in the balcony. These gifts are worth money, nothing less than ten cents in value and some as high as \$2.00.

They have been selected with especial care. There is nothing to be

California Bank Has Paid Off 60 Per Cent of Money Owed Creditors

Since Receiver James P. Edoff assumed control of the affairs of the defunct California Bank, according to that official's report covering the transactions of the receivership during November, just filed in the Superior Court, there has been a net reduction of liability to creditors amounting to \$679,790.98, which includes a 5 per cent dividend amounting to \$47,130.58 distributed last month.

This makes the total percentage of the indebtedness paid to creditors up to the first day of December 60 per cent. There is still due depositors \$275,290.31, while the assets at the end of November amounted to \$449,774.75, against which is also charged miscellaneous indebtedness amounting to \$74,484.44.

The receipt of the receivership during November totaled \$53,750.76, of which amount \$48,374.23 represented cash on hand brought forward from the October account.

The disbursements during November amounted to \$50,039.62, leaving \$37,714.13 cash in bank with which to begin the December business of the receivership.

Loans were reduced during the month just closed in the sum of \$4919.90, while the net excess of income over operating expenses from the beginning of the receivership to December 1 is \$21,829.74.

DISCOUNT OF GLUNZ DEBT.

With reference to outstanding loans Receiver Edoff reports as follows: "At the time I took charge of the California Bank as its receiver, there was among the bank's assets a note for \$100,000, dated November 20, 1909, and executed by Mrs. Mary E. Glunz to the bank, without security. Subsequently, as security for this debt, I secured a piece of a mortgage executed by George A. Purinton and wife to Mrs. Glunz, and covering certain real property in San Francisco.

"Installment payments of \$35 a month were made on this last mentioned mortgage, which Mrs. Glunz duly turned over to me. On November 29, 1909, the balance due on the mortgage was \$38.80, and the interest being paid to that date, as a consideration for the liquidation of the debt at once, I agreed to discount the amount in the sum of \$38.80, holding thus with Mrs. Glunz half the expense of a transfer of the mortgage and the execution of new papers.

ACORN OIL STOCK.

"I have heretofore reported that the California Bank is the owner of its own right of 1990 shares of the capital stock of the Acorn Oil Company. The bank paid assessments on its stock of \$142.50, and I, as receiver, with the approval of the court, paid assessments of \$300, the total assessment cost being \$442.50. Under date of November 26, 1909, I am in receipt of an offer from Charles Clark of \$400 for 1000 shares of the stock, ask instructions of the court in regard to this offer.

"I have heretofore reported the giving of the same to Mr. Clark, and his security for the debt of E. P. Vandorbrook to the bank. On November 9 I gave a deed to Rose Pezzolo covering lots 9 and 10, and the same day I gave to Mr. Clark a deed to the same lots, which is now in his possession, the consideration being \$25, that sum being the bank's share of the balance due."

PASTOR REVIEWS BOOK BY JAMES LANE ALLEN

"The Bride of the Mistletoe" by James Lane Allen formed the subject for the book review given by Rev. William Day Simonds, pastor of the Unitarian church, today in the parlors of the church, O. R. H. and Castro streets. The pastor paid high tribute to Richard Watson Gilder, who did much in the line of literary work and who was esteemed as a man of letters and learned scholar. The past season Rev. Simonds has been delivering a series of reviews on the late books, which have proved of great interest to the members of the church.

RICH MEN'S GIFTS ARE POOR

beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to man," writes Mrs. G. Rhinevaunt, of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor, a body of robust health. It quickly cures Nervousness, Sleeplessness, Melancholy, Headache, Backache, Fainting and Dizzy Spells; soon builds up the weak, ailing and sickly. Try them. 50c at Osgood Bros.

Regret Slur Cast by One of Their Members on Newspaper Women

The Oakland Club has formally made apology to the local newspaper women for aspersion cast by one of the club members at a recent meeting of the club in its rooms in Pythian Castle.

The episode arose during a heated argument among the members as to the advisability of discussing delicate matters regarding the playground committee in the presence of two newspaper women who chanced to be present. The young women, whose presence was alleged to be de trop, arose and left the hall. The "remark" of the member was deplored by the majority of her conferees, but it was not until December 1 that the club considered the matter officially, at which time a meeting was called for the express purpose of framing the apology, which is as follows:

"Whereas, it has come to the notice of the members of the Oakland Club that an ill-considered remark of one of our members, made at our last business meeting, was a slur upon the profession of (and has been quoted as the sentiment of this club in regard to) the young women of the press, who have frequently been our guests; therefore be it

"Resolved, That we, as a body, express our regret that any unpleasantness should have occurred, and we wish to express our thanks to them for their many kindnesses and for their loyalty and support in all our efforts for good, and that we have absolute confidence in their honor under any and all circumstances.

"MRS. LEON M. HALL, President.

"BESSIE J. WOOD, Corresponding Secretary."

Public Administrator Believes Zook's Million Is Only a Myth

Although Public Administrator Mehmman and Attorney A. P. Leach, his legal representative, have worked ardently following up all possible clues to the \$1,000,000 estate supposed to have been left by J. W. Zook and half of which the old miner gave to M. G. Schreiber of the Galindo Hotel in his will, thus far they have been unable to find property of any kind.

It appears from papers which belonged to Zook that he was a half-brother of a man named Perkins, who died in the East about eighteen months ago. Perkins was very wealthy and gave to Zook liberally. Now the facts seem to be that after Perkins' death Zook lived in castles of imaginary wealth. He had many schemes involving vast expenditures of money, but none of them seem to have been well founded. He was president of the Vera Cruz Water and Power Company of Mexico, but whether this is a promotion concern or a really valuable asset, the Public Administrator has not yet been able to learn.

In consideration of all the evidence he has in hand, however, Dr. Mehmman is inclined to the belief that Zook's great fortune was only imaginary.

EAST FRUITVALE HAS FIRE PROTECTION PLAN

Allendale hall was crowded last night with citizens of East Fruitvale to discuss the need of a plan for protection against fire and preliminary work along this line was fully carried out. A committee of three taxpayers was appointed by the president of the club, L. Ernest Phillips, after a strong speech in favor of unity of action for the annexed portion of Oakland on the part of the members of the club. J. S. Dietzmann, O. L. Southwick and W. H. Wrenn, the former president of the Central Improvement Club of East Fruitvale.

M. E. Hufacker urged that the appointments to office in the newly acquired portions of Oakland be given to original annexationists and not the anti-annexationists, who came in at the eleventh hour in order to get an opportunity at the salary list. He described the rapid advancement of real estate values in East Fruitvale as an index of the future. Messrs. Rugren, Down, Sanford and others spoke. The high school band rendered excellent music during the evening. A valuable lot of ground has been donated to a fire house, and a rapid and frequent car service will be demanded of the Oakland Traction Company beginning the first of the year. There were a number of new members placed upon the roll of the club.

Summerhayes Divorce Case May Be Settled by Court This Evening

When Judge Wells continued the hearing of the Summerhayes divorce case in the Superior Court this morning, Attorney-General Webb of counsel for defendant, William Eugene Summerhayes, announced to the court that the divorce would be granted, and that he would record all of the letters, photos of nude and other exhibits, and all the testimony given by handwriting expert Carl Henschel, for the defense, at the instant that they were in the hands of Mr. Summerhayes and Attorney H. H. Kuffer.

This correspondence was introduced by Summerhayes to prove the criminal relations between his wife and the architect and the attorneys for Mrs. Summerhayes set up the contention that they were forged. Henschel had testified as to their genuineness and Henschel had intended to place another expert on the stand to show that they were forged, resorted to by Summerhayes in the hope of defeating the cause. The withdrawal of Webb stated that it was done to expedite the trial of the case. The expert witness for plaintiff, he explained, could not be in court for a day or two, and as both sides were anxious to wind the trial up, and the letters in themselves were not very material evidence in connection with the case the decision had determined to have them and the testimony given by Henschel stricken out.

In all probability the case will be submitted to Judge Wells before court adjourns this evening.

KEY ROUTE ROAD WANTS TO FILL IN THE MOLE

The San Francisco, Oakland and San Jose Railway Company (the Key Route), this morning, through the Board of Public Works, petitioned the Board of War for permission to fill in its pier and mole solidly, like the Southern Pacific mole. This request of the company will be forwarded to Washington, D. C., once.

In making the application the Key Route people state that they wish to have a solid pier and take this means of securing the work shall be done in the same manner as the work on the Southern Pacific mole.

LIGHTS AUTHORIZED BY THE BOARD OF WORKS

The Board of Public Works this morning authorized electric lights to be placed at the following points: Bellevue and Van Buren streets, Clifton and Lawton streets, Warwick street, 300 feet north of Perkins, Sixty-third and Moulton streets, Sixty-third and Colby streets, Forty-eighth and Shattuck streets, Hillgass and Alcatraz streets. A petition for a light at the corner of Sixteenth and West streets was denied.

WILL CELEBRATE BIRTHDAY.

John W. Monnichman, who came to this city two years ago from Amsterdam will celebrate his eightieth birthday this morning at a family reunion to be held at the home of his son, J. W. Monnichman, 1478 Twentieth street. Mr. and Mrs. Monnichman have been married over fifty years and have passed most of their wedded life in the old country.

Rainy Days

—Provide for them.

When weather is fine you look after the roof so as to be protected.

When "times" are good you should look out for the "rainy" days as they apply to your income.

DRINKING FOUNTAINS UNSANITARY, HE SAYS

ALAMEDA, Dec. 8.—An advisory board of health composed of the action of the board of education for discontinuing the operation of the water fountains in the local schools, it was announced that the board of health, which is composed of Dr. C. Wood, who stated today that the water supply in the fountains was not safe, but because of the expense it cost to purify the water, it was decided to discontinue them.

That this fact should be easily discernable to the board of health was emphatically stated by Superintendent Wood, who will go to Sacramento for the purpose in a few days, will soon begin the preparation of the brief in the appeal for the state. Mrs. Martin's appeal is from her own conviction of dynamiting the residence of Superior Judge Ogden, for which she is resting under life sentence in the penitentiary, imposed upon her by Judge Wells.

MRS. MARTIN SOON TO BEGIN HER APPEAL

The prosecution has secured an extension to February 1 in which to complete preparation of its opposition to the appeal of Mrs. Isabella J. Martin. Attorney General Webb, assisted by Deputy District Attorney Burpee, who will go to Sacramento for the purpose in a few days, will soon begin the preparation of the brief in the appeal for the state. Mrs. Martin's appeal is from her own conviction of dynamiting the residence of Superior Judge Ogden, for which she is resting under life sentence in the penitentiary, imposed upon her by Judge Wells.

SEEKING WHEREABOUTS OF CHARLES EAGAN

Charles Eagan, residing at 1213 1/2 Seventh street, is reported as missing to the local police. He has not been seen since last Thursday, when he was wanted as a deserter from the U. S. S. Francisco, stationed at Goat Island. Because of his late arrival Ogden did not take him, as is customary, to the city prison, but instead hired a room on the sixth floor of the Winchester Hotel. Leaving the man for a moment he walked down the corridor and was gone about a short interval. On his return he found that Eagan had been seen in the corridor. The police are looking for the young deserter.

YOUNG DESERTER IS ONCE MORE AT LARGE

SAN FRANCISCO, Dec. 8.—Deputy Sheriff G. Gills of Los Angeles arrived in this city last night, having in custody Fred Brookman, an eighteen-year-old sailor, wanted as a deserter from the U. S. S. Francisco, stationed at Goat Island. Because of his late arrival Gills did not take him, as is customary, to the city prison, but instead hired a room on the sixth floor of the Winchester Hotel. Leaving the man for a moment he walked down the corridor and was gone about a short interval. On his return he found that Eagan had been seen in the corridor. The police are looking for the young deserter.

CHECK PASSER HELD TO ANSWER

J. G. Cranner, a supposed check passer, was held to answer to the police for a check passed for \$100 on P. Cheapest of 874 Broadway. Police said Cranner had been seen in the Superior Court. His last was \$100. The amount of the check was \$100.

CHARGED WITH ASSAULT

SAN FRANCISCO, Dec. 8.—Frank Maguire this morning charged with assault on a woman, was held to answer to the police for a check passed for \$100 on P. Cheapest of 874 Broadway. Police said Cranner had been seen in the Superior Court. His last was \$100. The amount of the check was \$100.

Call and See Our Holiday Specials

Special \$14.95

This handsome Turkish Rocker is designed for the well-furnished home. Platform-base strongly built and finished golden; upholstered in good grade Boston leather over long spiral steel springs, which insure both comfort and durability; \$28.00 rocker; special, while they last, this week, \$14.95.

ALL IN ONE

LIBRARY TABLE
MUSIC RACK
BEDSIDE TABLE
GAME TABLE or
WRITING DESK

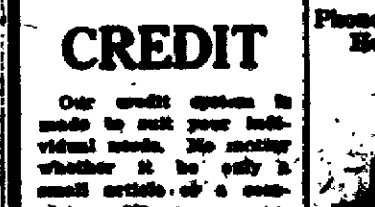

Special \$3.95

Adjustable Bedside Table; the metal base is very strong and sets substantially so as not to be easily tipped; adjustable to any height. The quartered oak table top is 18x24 inches and finished golden; a regular \$7.50 table; special, \$3.95.

Set up with Stove Pipe

Special \$16.50 This week

Where can you find another such value as this? Like picture, this stove is a heavy cast body, large oval and six-hole top. The box has heavy cast grate and sectional cast lining. Top of oven is reinforced with dovetail rivets, which protect the lining and add greatly to its strength. Baking chamber, regular \$25.00 price; special, \$16.50.

Clothes Brushes, rosewood and ebony, and pigskin to \$3.00 each.

Whisk Brooms, in nickel stirrup holders, \$2.50 to \$3.00 each.

Whisk Brooms, in nickel stirrup holders, \$2.5

The President's message is not a stirring document. It sounds no warlike note, and neither calls sinners to repentance nor threatens malefactors with dire punishment if they do not mend their ways. It is not largely besprinkled with the pronoun first person singular.

Compared to some previous messages it is rather a soothing draught than an irritant; a sedative to nerves which have long been excited to a high tension. Its tone is dispassionate and its recommendations conservative but not lacking in directness and perspicacity. Couched in quiet temperate language, the President presents many excellent suggestions to Congress. First, he impresses upon the legislative branch of the government the necessity for retrenchment, and second, the desirability of new laws to make trust regulation and conservation of latent resources more effective. He says the nation is spending too much money, and spending some of it unwisely if not wastefully, sounding a warning against the lavish expenditures which ruled during the previous administration. Not that he directly says the Roosevelt administration was too extravagant, but that the government is spending money at a too rapid rate. A good word is spoken for the new tariff, with the acknowledgment that in some particulars it does not entirely meet the popular demand for equitable revision.

The dominant characteristic of the message is its calmness and clear common sense. It sounds no reactionary note, but its lack of sound and fury is likely to impress some as evidence of weakness and indecision. But if read carefully, the message gives no sign of wavering or vacillation. It is marked throughout by the judicial cast of thought and method of presentation. The very absence of all drumbeat gives the message a tone of quiet that almost reaches tameness by contrast with the state papers of President Roosevelt.

In short it is safe and sane in the best sense of the term—just what the country had reason to expect from a man of President Taft's temperament and judicial training. If Congress follows the suggestions it contains, some wholesome legislation will be enacted and a number of desirable reforms effected. But the message is devoid of all intent to drive Congress. There is in it no note of command, no hint that it is the business of the national legislature to take orders from the executive. It is simply a message of the old-fashioned kind, addressed with moderation and respect to a co-ordinate branch of the government.

December Storms.

The December storms this year seem to have spread over a larger area of the United States than usual, and they are at the same time exceptionally severe. The three Pacific Coast States have been visited by unusually heavy gales, which have wrecked much valuable property. Much damage has been done at various points in this State by the recent December gales, which have wrecked from \$75,000 to \$100,000 worth of derricks in the Kern county oil fields, and caused considerable loss to many of the orange growers in the southern end of the San Joaquin Valley; while in the northern part of the State the high winds and heavy snow fall have played havoc with the telegraph and telephone lines and interrupted travel on the stage roads and the railroads. News of wrecks on the southern coast are coming in as a result of the big southeast gale of Saturday night and Sunday morning. Los Angeles reports that Sunday was the coldest day experienced there in thirty-two years, and a heavy snow storm is sweeping over Arizona.

While the Pacific Coast is suffering from the December storms, the Middle West and Texas are in the grip of a blizzard which is leveling telegraph and telephone wires and blockading railroads in all directions, and the driving snow is causing much distress to livestock.

Heavy rainstorms in the Great Lakes region are also being followed by an intensely cold wave—the first of the season—which in many places has dropped the temperature to zero.

According to the Pajaronian, 3014 carloads of produce had been shipped out of the Pajaro valley this year up to the close of last week. Up to the same time last year the record was 2748 cars. The apple shipments are now represented to be slackening up every day; still seventy-four carloads were hauled out of the valley last week. The apple growers of the valley have made lots of money out of their crop this year, having obtained good prices.

With the aid of Judges Lawlor and Dunne, Francis J. Heney is doing what he can to protect the kept witnesses of the graft prosecution from going to jail for the crimes they have committed.

The Coachella Submarine is urging the farmers in the Coachella valley to take up the industry of cotton growing. Commenting on it the Riverside Press says: "Two delegates were sent from Coachella to Imperial to look into the cotton proposition and they reported that with proper irrigation the Coachella valley would produce one and one-half bales to the acre." In the Imperial valley the experimental crop raised on an area of about one thousand acres is said to have yielded an average of one bale to the acre, on which the growers netted a profit of \$42.50 per bale. All of the crop raised in the valley was bought by the

Six property owners' improvement clubs in Berkeley have launched the movement for the consolidation of that city with Oakland and the submission of the proposition to a popular vote within the next ninety days. Three delegates from each club were present at a meeting held at Grant's Hall on Monday evening, at which a Berkeley Consolidation League was organized and a resolution was adopted favoring the immediate union or amalgamation of Berkeley and Oakland as the first step toward the creation of a city and county government. The conditions named in the resolution on which it is proposed that the two cities shall be united are set forth in detail. Oakland can unquestionably subscribe to each of them, and, inasmuch as the Berkeley promoters of the movement have conferred with the municipal authorities of Oakland and the latter have agreed to call an annexation election on whatever date the Berkeley people desire, it is reasonable to presume that all of the concessions asked will be freely granted. There is nothing in any one of them to which any valid objection can be raised.

One of these conditions is the retention of Berkeley's identity. The citizens of Berkeley have a strong affection for the name and they are naturally unwilling that it should be obliterated through the act of union. Doubtless a way will be found whereby the name can be retained and a proper representation of Berkeley ward or Berkeley borough, whichever form of municipal subdivision shall be adopted when we come to frame a new charter, granted to it.

The Berkeley Consolidation League is manically in dead earnest in its determination to link Berkeley's fortunes with the greater parent city, for it has decided to proceed forthwith to canvass for signatures to a petition for the calling of a special election. As there are approximately five thousand voters in Berkeley, it will be necessary to secure one thousand names to the petition, but the promoters of the movement anticipate no difficulty in that respect. Their aim is to hold the special election in time to enable the enumeration of Berkeley's population with that of Greater Oakland before the Federal census is taken in April. The greatest enthusiasm prevails among the consolidation boosters, who are confident that the election will carry.

Panama Canal Exposition.

As was reasonable to expect, the big mass meeting of San Francisco's leading merchants and solid business men which assembled in the chamber of the Merchants' Exchange yesterday afternoon pledged the city to hold a great world's exposition in 1915 to celebrate the opening of the Panama Canal to the world's commerce. Amid the greatest enthusiasm, the decision was reached without a dissenting voice or vote.

The action taken is creditable to the enterprise and courage of the people of San Francisco, and it cannot be too highly commended. It is strictly in keeping with the wonderful energy they have displayed in the rehabilitation of the city. There can be no honest contention raised in any quarter against San Francisco's priority of right to hold such an exposition, for it has been not only the dream of its more enterprising citizens and been earnestly exploited by them for years, but also San Francisco bay's interests in the opening of the canal are more intimate and important than that of any other seaport in the world.

The Ocean Shore Railroad has gone into the hands of a receiver. J. Downey Harvey is the principal cause.

Francis J. Heney shows wisdom in bringing his libel suits in New York. He would be hooted out of court in San Francisco were he to ask damages for anything said about him. For three years he has done little else but defame men who are so far above him in all the attributes of honor, breeding and integrity that comparison is out of the question.

While the grass in the pastures is nearly up to the eyes of the grazing milch herds, choice fresh butter is still retailing at 45 cents per pound.

Councilman Krumb of Alameda is determined not to be a crumb of comfort to Oakland. He insists that Oakland has annexed a slice of Alameda's territory, but County Surveyor Haviland (who was annexed against his will) says not so. In this matter Mr. Haviland's transit is probably more reliable than Councilman Krumb's dislike for Oakland.

The graft-prosecution came to an anti-climax when the indictments against Andrew M. Wilson, boodler and perjurer, were dismissed by Judge Dunne on motion of Francis J. Heney.

The school trustees of the Lockwood school district at Fitchburg did not wait for the filing of the result of the official canvass of the votes cast at the annexation election with the Secretary of State which is the last step necessary to legalize the union of Oakland and the annexed territory, but relinquished jurisdiction to the Oakland Board of Education and Superintendent McClymonds yesterday. Chief of Police Wilson has taken the first steps toward providing Elmhurst also with police protection. From now on the adjustment of municipal control throughout the new territory

EFFECTS OF TARIFF ON CANADA

"Recent reports of the Department of Commerce and Labor indicated nearly one hundred and fifty industrial plants operated in Canada by American capital, transferring industry, that with free trade relations would give employment to American labor. Can you afford to look pleasant? But how long can the United States afford to smile upon such egregious folly?" — Boston Herald.

It behooves American manufacturers to be up and doing if they are to keep their Canadian business. While our trade with Canada is great, it might be much greater under a wise system of reciprocal tariff relations which would obviate any danger from British competition. — Philadelphia Times.

It is plain, in view of the great proportion of our export business to Canada and the eagerness of British manufacturers to capture the Canadian market, it will go hard with us if the maximum tariff is applied against Canada and there is a tariff war. — Washington Times.

It will be unfortunate for the commercial harmony of this continent if Canada's first exercise of her newly acquired power of making her own treaties should be directed to estranging her neighbor. Yet no other result seems possible from the Laurier government's insistence upon the ratification of the French treaty. . . . The insistence upon the ratification of the treaty, in view of all the circumstances, approaches close to a declaration of a tariff war on the part of Canada. — Detroit Press Press.

Sir Wilfrid Laurier, the Canadian Premier, says he does not believe the United States will raise the tariff on Canadian goods because of Canada's new treaty with France. Sir Wilfrid does not know what may happen if Senator Aldrich and Speaker Cannon decide that Canada should be treated like an American consumer. — St. Paul Pioneer Press.

In any competition for the best type of farmers Canada can hold its own. "The lure of the British northwest" is too strong and too steady to be weakened by any hurrah for "the advantages of citizenship under the Stars and Stripes." "No 1 Hard" grows only under the Union Jack. — Toronto Globe.

Awakening of the Chinese Empire

A few years ago there was one newspaper in China; there are now over 200, ten in Peking alone, one even edited by a woman for women—and not a fashion in it!

There are now over 3000 postoffices; there was not one. A letter can travel for a halfpenny across China. Summarily, by an Imperial edict in 1905, the thousand-year-old methods of education and those competitive examinations all the nations of Europe have copied were done away with, and every one ordered to study Western learning.

All over China they are preparing for a parliament—a parliament in China—the last absolute empire. All students in government colleges are to have votes.

And yet people still talk in England as if China were not awake yet, only awakening. We, still tormented by our thirst for strong drinks, our women drinking, our men drinking, our little children even drinking, sleepily wonder whether China is in earnest trying to get rid of her curse—opium smoking.

The cultivation of opium has been forbidden in Yunnan, from which she drew all her wealth—poor poor ty-stricken province! Her wealth seemed rather to consist in lying in bed till 11, and then sitting about in clothing all ragged patches—Yunnan now is poppyless.

In Shanghai some of the richest merchants have brought out their beautiful opium pipes and elegant accessories, trays and all, and publicly burned them. In many cities young men have banded themselves together and gone through the towns calling on every one to bring out their opium pipes and burn them in.

Twenty Years Ago in Oakland

The body of Jefferson Davis is lying in state in the city hall of New Orleans. A new street railroad is proposed for the accommodation of suburban train passengers to begin at the foot of Sixth avenue.

Emperor Dom Pedro arrives in London and prepares a manifesto for his recent empire.

The Webster street bridge is again reported as in a dangerous condition. Some of the foundations being erected by the contractors were washed away in the recent rains.

Three hold-up men do a good business among other things, they hold up a saloon.

Another riot occurs in the tent where Mrs. Woodworth is holding revival meetings.

Lake Chabot has risen twenty-three feet already this season from the rains.

Bachelor's Musings

No woman ever made herself mad; no man ever made himself good.

A woman's sense of duty is so strong she can feel it in her duty to have one.

FIGURES THAT DO NOT LIE

The man who imports \$1000 worth of diamonds pays a tax of but \$100, 10 per cent. If he imported 1000 shirts, worth \$1 each, he would have to leave at the customs house and take out his selling price \$400.00, \$40 per cent. If he decided he would bring in \$1000 worth of champagne, one of the items upon which there is a large increase, the tax levied by the tariff is \$500. If he brought in \$1000 worth of paintings and statuary, all he would have to pay as customs duties would be \$200, but if it were sugar he would pay \$750.70 tax on \$1000 worth. If he brought in \$1000 worth of jewelry he would have to pay \$400 tariff tax but if he brought in \$1000 worth of woolen dress goods he would pay \$1050.92 tariff. If he imported a \$5000 automobile the tariff takers would relieve him of \$2500. If it were \$5000 worth of yarns the tariff tax would be \$500. If the importation were \$5000 worth of furs the tariff tax would be \$4500. If some New York millionaire brings in a \$100,000 ocean yacht, the tariff would be \$35,000, but if the importation were stockings the tariff collected would be \$37,900.—Chicago Journal.

MAKE A FIGHT FOR GOOD ROADS

Federal Government Will Be Asked to Assist in the Work

CHICAGO, Dec. 2.—"Improvement of the highways to keep pace with deep waterway development," will be the slogan of the National Good Roads convention, next Tuesday and Wednesday at Topeka, Kas. The federal and state governments will be urged to join in the good roads movement.

Arthur C. Jackson, president of the National Good Roads Association, expressed the hope yesterday that the Topeka convention would serve as an impetus to road construction by Congress and by state legislatures, in accordance with the declaration of both the Republican and Democratic parties in the last national platform.

"I anticipate that we shall make a showing of strength at the Topeka convention which will go a long way toward convincing the states and the nation of the importance of our movement," said Mr. Jackson. "Kansas and its surrounding states are particularly interested in the gathering and delegates will be present from all parts of the country."

DISTRICTS WILL HAVE TO BE BONDED FOR ROADS

SAN RAFAEL, Dec. 2.—After a lengthy debate over the question of whether or not the county should be bonded as a whole for the proposed road law, the board of supervisors decided yesterday that they would hear only a petition that the districts of the county should be bonded for the improvement and in which the districts improvements are to be made be bonded for that purpose.

The members then concurred in the opinion that they were ready to hear a petition signed by the voters in each of the districts, that certain districts be bonded for improvements. This resolution was adopted by a vote of 10 to 2.

COUNTY FORESTRY BOARD SUGGESTION IS TABLED

SAN JOSE, Dec. 2.—Mrs. Lovell White, chairman of the Outdoor Art Section of the California Club of San Francisco, is the author of a letter read before the board of supervisors yesterday. The letter called the attention of the board to a law passed by the recent legislature, providing for the establishment of a board of forestry throughout the State, and asked that the board take steps to organize such a commission in this county. The letter also called for the supervisors to take the matter, filing the initiative.

T. Maher, for the Southern Pacific company, ordered an order of \$100,000 as the road's share of the cost of rebuilding a mile of the Monterey road near Gilroy with the object of changing the course of the Coyote river, so as to render both highway and railway safe from the dangers which now beset the curves and crossings there. The offer was accepted. This will make possible the immediate starting of the work, which will be a big improvement for the southern end of the county. It will cost, when completed, in the neighborhood of \$25,000.

START BENEFIT FOR THE HOLY INNOCENTS CHAPEL

The bazaar and entertainment arranged by the ladies of Holy Innocents' Chapel opened this afternoon at 7 o'clock, at a close Thursday evening in the new guild room of the chapel on Shattuck avenue, between Fifty-fourth and Fifty-fifth streets. The bazaar, which represents the work of the ladies of the chapel, has just been completed and it is the intention of the women to have a grand sale of the goods, which will be a big improvement for the southern end of the county. It will cost, when completed, in the neighborhood of \$25,000.

Sentence Sermons

Good manners are the clothes worn by good morals.

He cannot keep his friends who fear to have foes.

Goods to Market in Best of Conditions Necessary

WARREN, Dec. 2.—At the opening meeting of the State Fruit Growers' Convention, now in session at the Christian Church in this city, and presided over by State Horticulturist, Commissioner J. W. Jeffrey, Governor James M. O'Brien was the principal speaker.

Fighting the pests, the formation of associations to market the fruit and good and cheap transportation were the three leading questions, said the Governor in opening his remarks.

"You've got to handle your product carefully," he added. "You've got to control the market, you've got to work with each other and not one against another, that seems to be the modern way of doing business."

VALUE OF GOOD ROADS

"There is another question, and they say it is a sort of a hobby of mine," continued the Governor, "the construction of a system of good smooth highways over which you can transport your product, and get it to market in good condition. If there is a state anywhere in the union where the people in the rural districts can be so much benefited by good roads it is California."

"Our fruit is easily injured. If we have it injured in any particular, that is used as an excuse to cut down the price of it, but if you can draw two tons where you now are drawing one ton with the same motive power, if you can make four miles where you now are making two, if you can get your

fruit to the place where it is to be sold, and get it to market in good condition, that is the modern way of doing business."

MAKE A FIGHT FOR GOOD ROADS

Federal Government Will Be Asked to Assist in the Work

CHICAGO, Dec. 2.—"Improvement of the highways to keep pace with deep waterway development," will be the slogan of the National Good Roads convention, next Tuesday and Wednesday at Topeka, Kas. The federal and state governments will be urged to join in the good roads movement.

Arthur C. Jackson, president of the National Good Roads Association, expressed the hope yesterday that the Topeka convention would serve as an impetus to road construction by Congress and by state legislatures, in accordance with the declaration of both the Republican and Democratic parties in the last national platform.

COUNTY FORESTRY BOARD SUGGESTION IS TABLED

SAN JOSE, Dec. 2.—Mrs. Lovell White, chairman of the Outdoor Art Section of the California Club of San Francisco, is the author of a letter read before the board of supervisors yesterday. The letter called the attention of the board to a law passed by the recent legislature, providing for the establishment of a board of forestry throughout the State, and asked that the board take steps to organize such a commission in this county. The letter also called for the supervisors to take the matter, filing the initiative.

T. Maher, for the Southern Pacific company, ordered an order of \$100,000 as the road's share of the cost of rebuilding a mile of the Monterey road near Gilroy with the object of changing the course of the Coyote river, so as to render both highway and railway safe from the dangers which now beset the curves and crossings there. The offer was accepted. This will make possible the immediate starting of the work, which will be a big improvement for the southern end of the county. It will cost, when completed, in the neighborhood of \$25,000.

START BENEFIT FOR THE HOLY INNOCENTS CHAPEL

The bazaar and entertainment arranged by the ladies of Holy Innocents' Chapel opened this afternoon at 7 o'clock, at a close Thursday evening in the new guild room of the chapel on Shattuck avenue, between Fifty-fourth and Fifty-fifth streets. The bazaar, which represents the work of the ladies of the chapel, has just been completed and it is the intention of the women to have a grand sale of the goods, which will be a big improvement for the southern end of the county. It will cost, when completed, in the neighborhood of \$25,000.

CROCKER REMAINS ON THE WAY WEST

Interment Will Be at the Mausoleum in Mountain View Cemetery

NEW YORK, Dec. 2.—George Crocker's funeral services took place yesterday at St. Thomas' Episcopal Church, Fifth Avenue and Fifty-third street. Rev. Dr. Stivers officiated. Among those present were Mr. and Mrs. William H. Crocker, Mr. and Mrs. Charles B. Alexander and their children, C. Tompkins Crocker, Mrs. Louis C. Crocker, Dr. Alexander, Mr. Francis Crocker, Mr. and Mrs. John Hays Hammond, Alexander R. Mitchell, Mr. and Mrs. Philip Kearny, Mr. and Mrs. Charles H. Crocker, General and Mrs. Thomas H. Hubbard, Prince Poniatowski, Mrs. Jacob B. Maguire and many other well known in business and society. The remains of Crocker's town house and country house.

Interment is to be at the Crocker mausoleum in Mountain View Cemetery, Oakland, Cal., where Crocker's remains will be placed alongside those of his wife, Mr. and Mrs. William H. Crocker, Mrs. Louis C. Crocker, Dr. Alexander, Mr. Francis Crocker, Mr. and Mrs. John Hays Hammond, Alexander R. Mitchell, Mr. and Mrs. Philip Kearny, Mr. and Mrs. Charles H. Crocker, General and Mrs. Thomas H. Hubbard, Prince Poniatowski, Mrs. Jacob B. Maguire and many other well known in business and society. The remains of Crocker's town house and country house.

MAKE A FIGHT FOR GOOD ROADS

Federal Government Will Be Asked to Assist in the Work

CHICAGO, Dec. 2.—"Improvement of the highways to keep pace with deep waterway development," will be the slogan of the National Good Roads convention, next Tuesday and Wednesday at Topeka, Kas. The federal and state governments will be urged to join in the good roads movement.

Arthur C. Jackson, president of the National Good Roads Association, expressed the hope yesterday that the Topeka convention would serve as an impetus to road construction by Congress and by state legislatures, in accordance with the declaration of both the Republican and Democratic parties in the last national platform.

"I anticipate that we shall make a showing of strength at the Topeka convention which will go a long way toward convincing the states and the nation of the importance of our movement," said Mr. Jackson. "Kansas and its surrounding states are particularly interested in the gathering and delegates will be present from all parts of the country."

DISTRICTS WILL HAVE TO BE BONDED FOR ROADS

SAN RAFAEL, Dec. 2.—After a lengthy debate over the question of whether or not the county should be bonded as a whole for the proposed road law, the board of supervisors decided yesterday that they would hear only a petition that the districts of the county should be bonded for the improvement and in which the districts improvements are to be made be bonded for that purpose.

The members then concurred in the opinion that they were ready to hear a petition signed by the voters in each of the districts, that certain districts be bonded for improvements. This resolution was adopted by a vote of 10 to 2.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

WOMEN'S SOCIETY

Association of Collegiate Alumnae announces a Christmas luncheon for December 18th, at the Home Club, East Oakland. Each guest is requested to wear some festive headpiece.

A musical program will be given under the direction of Miss Lulu J. Blumberg, as follows:

Piano solo, Miss Edith Bonnell; songs, Miss Beatrice Eschlagel; songs, Miss Ethel Sherman Jones; trio, piano, violin and violin-cello, Misses Lulu J. Blumberg, Madeline Vane, Ada A. Conlin.

The dramatic committee, in charge of Miss Douglas Whitehead and Miss Ida Julliat, will present "The Magic Sword," by Katherine Lyle. The cast will include Miss Nora Dunn, Miss Tellula Le Conte, Miss Juliette Levy, Miss Ida Julliat and Miss Douglas Whitehead. Children of members are especially invited to this play. Tea will be served at the conclusion of the entertainment.

Friday, December 10th, the Oakland-Berkeley Reading Section, of which Mrs. F. C. Turner is chairman, will present MacArthur's "Blue Bird."

The members of the Collegiate Alumnae are invited to attend the installation of Dr. Luella Clay Carson as president of Mills College the afternoon of December 11th.

LARGE BRIDGE PARTY.

Mrs. William Clift and her daughter, Miss Jean Clift, are occupying the residence of F. C. Clift and Mrs. Clift during the tour of the latter on the Atlantic Coast.

Miss Jean Clift has sent out invitations for a large bridge party to be given the afternoon of December 16th.

PROVIDING CHRISTMAS CHEER.

Miss Grace Trevor is chairman of a committee which is preparing the Christmas dinner for the West Oakland Home to be served Christmas Day. Mrs. F. R. Chadwick is chairman of the Christmas tree committee which is preparing for the Christmas tree festival of December 28, when each ward of the Home will receive a gift and his heart's desire of candy and fruit.

WINTERING IN ROME.

Letters from Miss Anna Head, of Head's School, Berkeley, state that she is spending the winter in Rome, where she is the guest of friends.

Miss Head went abroad last summer and after enjoying a lengthy stay in England, Scotland and Wales, crossed to the continent, where she contemplates remaining until next August.

MILLER-HAMBLIN WEDDING.

The wedding of Miss Irene Hamblin, daughter of Mrs. E. I. Hamblin of Berkeley, and Royal Miller was solemnized at 3:30 o'clock last evening, at the Methodist Church, Rev. John Howard Lathrop, the officiating minister. The bride was attended by her sister, Miss Ruth Hamblin, and the groom was attended by Edward Solinsky. The ushers were Carl Phillips, Irving Miller and Richard Shaefer. The bride was attired in a gown of white satin, hand embroidered, with a voluminous veil of tulle held to the coiffure with a wreath of orange blossoms. The maid of honor wore a gown of green messaline.

Miller is the son of Mr. and Mrs. Charles F. Miller, who have long resided at Northgate, Berkeley. His father was for many years identified with the San Francisco firm of Miller, Schloss and Scott.

MRS. ROYAL MILLER, who, until her marriage last night, was Miss Irene Hamblin of Berkeley. —Schurz Photo.

at Northgate, Berkeley. His father was for many years identified with the San Francisco firm of Miller, Schloss and Scott.

The bride is a member of the Alpha Sigma of the Berkeley High school, from which both bride and groom graduated, and where their romance began.

TWENTY-FIFTH ANNIVERSARY.

Mrs. and Mr. Louis Michelson will celebrate the twenty-fifth anniversary of their wedding this evening at their home, 3021 Denkin street, Berkeley.

Mrs. Michelson will be assisted by her daughter Sophie and her son Louis in receiving her guests who will include about forty old friends and a coterie of relatives.

LUNCHEON AT CLUBHOUSE.

Mrs. A. M. Rosborough will entertain the members of the Thursday Bridge Club to a luncheon at the Claremont Country Club Thursday. The afternoon will be spent in playing bridge. The members of the club are Mrs. Wm. Creed, Mrs. George Whitney, Mrs. Guy C. Burke, Mrs. William High, Mrs. Ayres, Mrs. Lander Redmon, Mrs. W. S. Baxter, Mrs. Hamilton Todd, Mrs. Charles Snook, Mrs. W. R. Shanon, Mrs. Edgar Stone, Mrs. Ann L. Parcells, Mrs. J. W. Nelson, Mrs. Rees Thompson, Mrs. E. N. Ewer, Mrs. P. J. Kenna, Mrs. Morrison and Mrs. Hall.

HONEYMOON TRIP.

Lieutenant R. Duncan Gatewood, U. S. N., and Mrs. Gatewood, returned to Del Monte last week after a fortnight's visit to the Rancho de Las Laureles, where they occupied the cottage. They enjoyed their stay greatly, spending a most agreeable time in quail hunting, horseback riding and rambling about the mountains. Mrs. Gatewood was the beautiful Miss Ida Pattana of Alameda until her marriage a fortnight ago to the young naval constructor.

AT DEL MONTE.

The following registered at Hotel Del Monte during the week ending December 5:

From Oakland—Francis V. Long, From Alameda—Anna M. Goetz, From Berkeley—Dr. and Mrs. G. W. Reinhardt.

DANCING PARTY.

Mrs. Henry Williams of San Francisco has sent out cards for an elaborate dancing party Friday evening, December 13, to be given at her home in Octavia street in honor of her granddaughter, Miss Florence Williams, daughter of Mr. and Mrs. Harry Alston Williams of Berkeley.

About 100 young people will attend the delightful affair and watch the dawn of the New Year together. The party will be one of the most interesting affairs planned for the last evening of the old year.

VISITING MOTHER.

Mrs. James Gleason of Portland is spending a month or so with her mother, Mrs. Daniel Webster of Telegraph avenue, and her aunt, Mrs. Edward Beardsley of Piedmont.

Mrs. Gleason was formerly Miss Lucille Webster and her occasional visits to the home of her childhood are made most pleasant by her many friends here.

LUNCHEON AND BRIDGE.

Mrs. Clarence Crowell was a luncheon hostess this afternoon entertaining eight guests from Oakland at the St. Francis in San Francisco.

LUNCHEON HOSTESS.

Mrs. Henry Rosenfeld was a luncheon hostess yesterday entertaining sixteen guests from Oakland at the St. Francis in San Francisco.

MARWOOD CLUB.

Mrs. A. L. Smith was hostess at last week's meeting of the Marwood Club, and the ladies enjoyed a most pleasant afternoon. Red ribbons and holly, with graceful sprays of greens and grasses, struck a note of Yuletide festivity in the charming rooms, the open fires and shaded candles heightening the effect.

BEAM-CASE ENGAGEMENT.

Announcement is made of the engagement of Miss Mary Adela Case, well known in musical circles about the bay, and William Metcalf Beam, nephew of Victor H. Metcalf, former secretary of the navy.

The announcement is made by Miss Case's mother, Mrs. Mary E. Case of Portland, Oregon, and confirmed by the young singer herself, who is a guest at the Beam home in San Francisco while she fulfills musical engagements in San Francisco.

WHAT WOMEN ARE DOING

Mrs. J. B. Greenhut of New York and Denver is the first woman to be elected to the board of directors of the International Jewish Home for Consumptives. The institution has been open ten years and has its sanitarium in Colorado. After her election to the board Mrs. Greenhut was chosen third vice president.

Mrs. Richard Watson Gilmer as president of the National League for the Civic Education of Women has been asked to cause an investigation to be made of the condition under which women work in the laundries in Greater New York. The league is the most active of the anti-suffrage societies in this country. Its membership is made up, with a few notable exceptions, exclusively of women of leisure.

A creche for the children of rich women is said to be the latest move in the interest of the women and children of London. This creche is for the special benefit of well-to-do mothers, who striving to be fashionable have taken up bridge whist. They begin to play cards about noon and often are unable to get back to their homes before 9 in the evening. The object of the creche is to insure careful attention for their children instead of leaving them to the care of servants.

The National Association for the Promotion of Kindergarten Education, which was recently incorporated in the State of New York, has opened its office in the Metropolitan Life Building. Eleven of the leading kindergartners are on the educational committee. Among the women on the board of managers are Mrs. R. C. Aldrich, Mrs. John D. Archbold, Mrs. F. L. Cranford, Miss Cynthia F. Dozier, Miss Mary Harriman, Miss Mary Moore, Mrs. George Grant Mason, Mrs. Henry Phipps and Miss Agatha Schurz.

The St. Paul's Chapel Lunch Club for Business Women has increased its business so rapidly that new furniture is to be put in with the hope of increasing the capacity of the lunch room. The club's home is at Church and Vesey streets. Mrs. Campbell, the superintendent, estimates that they will be able to seat 200 luncheoners at a time with the new furnishings, while 150 is the limit now. There are 650 on the membership rolls, but the number of luncheoners each day exceeds this, since there are at least fifty transients every day who pay the 5 cents entrance fee demanded of non-members. Each member has the privilege of bringing two guests a month.

Memorial Is Erected To Woman Astronomer

Girl Who Wants Big Sum of Money From Frank Gould

According to reports from London, Miss Bessie de Voie, who is well known on the stage especially for her work in vaudeville, has commenced suit in New York against Frank Gould in a breach of promise action for more than \$200,000. Miss De Voie, known in private life as Bessie Von Gorn, is from Virginia, where she has a brother whom Mr. Gould is said to have given employment in connection with his interests at Fredericksburg, Virginia.

One of the most notable monuments in honor of a woman to the astronomical observatory which marks the birthplace of Maria Mitchell in Vestal street, Nantucket, and which has just been brought to completion with the installation of a powerful five-inch telescope. It is just twenty years since Miss Mitchell died, but her name still stands in the front rank of woman famous in the scientific field.

She was born in 1818. For almost twenty years she busied herself as librarian of the Nantucket Athenaeum without a thought of the wider fields she was to enter. She was 29 years old when, in October, 1847, she started the world as astronomer by winning the gold medal offered by the King of Denmark for the first discovery of a "telescopic comet." Her reputation as an astronomer soon grew and she was the first woman to be elected to the American Academy, besides receiving honorary degrees from several colleges. After a distinguished tour of Europe, Miss Mitchell was called to the professorship of astronomy in Vassar College, a post she held until shortly before her death in 1895. Mrs. Mary W. Whitney of Vassar is president and Mrs. Thomas W. Bidwell of Washington, D. C., is a member of the committee of the Maria Mitchell Association, which has completed the purchase of Miss Mitchell's old home and its transformation into a memorial.

Beautiful Hair of English Women

NEW YORK.—Annie Bly writes in this week's Graphic: The long, abundant and glossy tresses of English women are not due to hair tonics and heroic shampooing. There is a general belief over there that the less water put on the hair, the better it is; they say wetting "takes the life out" and leaves the hair dull, brittle and colorless.

English women with hair rich in color, clean and wholesome and plenty of it—have told me they attribute it to dry shampooing two or three times a week. They mix four ounces of ether with four ounces of olive root and sprinkle a tablespoonful of this mixture on the head; then brush the powder thoroughly through the hair. They thus also avoid the danger of catching cold and the discomfort that accompanies washing, rinsing and drying the hair.

This treatment keeps the hair light, fluffy and lustrous, and is the only thing I know that will actually produce the growth of hair.

Aeroplane Is Popular In Christmas Toy List

It seems each Christmas as if the children were growing more sophisticated, and this year more than ever many of the toys are of a kind which no grown person need be ashamed to find amusing. The aeroplane idea, of course, has been drawn on freely, and some of the toy flying machines imported from France are marvels of ingenuity and mechanical excellence.

They cost anything from \$5 to \$25, the motive power being supplied by steel springs, as fine and light as the mainspring of a good watch, and planes and rudder can be set in such a way as to send them on any course desired. Rather on the same order are the "boomerang" birds, which are provided with wings that imitate the natural flight of a bird most cleverly and, when half their motive power is expended, are turned in the opposite direction by the release of a spring and come back to their owner. Even the dolls are strictly up to date.

Maude Adams Walked Bridge During the Storm

NEW YORK.—While most New Yorkers were snugly indoors and comfortably gathered around their Thanksgiving turkeys Thanksgiving afternoon, one much-reached actress was getting a taste of the hardships which make the holiday lonely and bitter for her profession. She was Maude Adams, the penitente Lady Bobbie of other days, and while thousands of homes were filled with good cheer she was tramping across the Williamsburg bridge ankle deep in slush and buffeted by the blizzard.

Miss Adams was appearing in Brooklyn that week but she was stopping at a New York hotel. She had a clean record of having never disappointed an audience or delayed a performance, so she set out for the Montauk theater at half past twelve, realizing that the going was bad and that she might be delayed. With her well-worn secretary and maid, she went well until Miss Adams' automobile was a third of the way across the bridge. Then came a tangle of vehicles and a long delay. But she had proceeded only a little farther when her car came to another abrupt stop. This time a horse was down and scores of angry drivers with their loads and fares were bunched in a swearing, jostling mass.

Miss Adams waited as long as she dared. Her time was beginning to grow short and she realized that she would arrive late at the theater, so out of the vehicle she hopped and, with her companions, began the tangle across the bridge in the slush and sleet. Cab after cab was halted, but each was in commission and in as big a hurry as the actress.

Threading her way among the horses and motors, Miss Adams had nearly reached the end of the bridge span when a car conductor noticed her and rang his bell. A passerby recognized the actress and helped her to the platform. From that time the car's occupants had a lively time studying the actress at close range.

At the foot of the bridge an empty taxicab was found, and with a promise of a double fare if he could make the run to the theater in time, Miss Adams set out on the last stage of her journey. The curtain was up before she had put on her costume, but after a prodigious hustle she managed to speak the first lines of her play on time.

And all the while Miss Adams had gone without her Thanksgiving turkey, which she didn't eat until midnight.

Dreamland

After in the realms of Dreamland,
As light as the sapphire's wine,
With a world of beauty around me,
Where no shadows float or cling.

The roses' hue in the sunset,
The blue of the sea in the sky;
The windows a blaze of glory,
Where the sunbeams roam to die.

Naught but the breath of beauty—
Not a shade to dim the way,
Rory and golden and starlike,
Like the dawn that heralds day.

Air as pure as the fountain,
On the cliff near Heaven's own bow,
Where the mantle of sun and shadow
Rests the whole day through.

Oh, afar in the realms of Dreamland,
The hours have passed away,
Oh heart, glad heart, there's a heaven
On earth if we find the way!

—HARRIET C. FRANCE.

Actress Denies That East Indian Taught Her to Wiggle

NEW YORK, Dec. 4.—Puzzle: What does a follower of Mohammed know about the doings of a Brahmin goddess in her temple and how much does he have to know about the Vedas in order to create a play in which a Christian barefoot dancer is to interpret the sacred movements of a naught girl? Judge Schmuck will be called upon in the City Court to solve this, all because Mohammed Ismail asserts that Ruth St. Denis owes him \$150, and he has sued her for that amount. Mohammed says that Miss St. Denis' barefoot gyrations in her Oriental dances, by which she is gathering in so much money, originated with him. He cries out that he taught her all she knows about the soulful wiggles of the "Ruths" as portrayed on afternoons in the Hudson Theater.

CLAIMS AUTHORSHIP.

Ismail charges that in June, 1906, Miss St. Denis employed him to write and produce for her an Oriental play and to teach her how to enact the principal role. He avers that he was to receive \$25 a week for his services until some manager should accept and produce the play. Ismail says he originated and produced "Ruths," in which Miss St. Denis now appears.

"Ruths," he says, "was the deified wife of Krishna, a Hindu god, who was worshipped in a temple and implores the priests to liberate her from the inconvenience of being a deity. At the end of the ceremonial worship the goddess descends from her pedestal and indulges in a dance."

FIVE FIGURES IN DANCE.

This dance has five figures, in which Mohammed says he instructed the present Ruth St. Denis. The answer of the high priestess, who gave it yesterday afternoon in a fetching stage costume of a few jewels and a sarong, is that Mohammed Ismail never saw it inside of a Brahmin temple, particularly during worship. She intimated that if Mohammed had shown his face inside a temple he would not be wearing sarong clothes if he wished to keep cool. She says that before she knew Mohammed she had copyrighted her dance and that she engaged him in 1906 as a singer. Instead, she added, she took him out of an Indian book, importing store right here in New York.

"I think I will go down to the court and dance my 'Ruths' dance before the judge, and that will convince him it is mine," she intimated the reporter, with the light of a great determination in her eyes. Mohammed, who was present, was silent.

Miss Taft to Have Big Christmas Dance

WASHINGTON, D. C.—Mrs. Taft will give a dance in the White House for Miss Helen Taft and Mr. Robert Taft on the night of December 23. It will be informal and will be entirely for the younger set, including the student friends of Miss Taft and Mr. Taft, who, like themselves, will be spending the Christmas holidays at home.

Miss Taft is having a lively time during her brief visit to the White House. Miss Helen Taft, daughter of Rear Admiral Richardson Clover, U. S. N., retired, and Mrs. Clover, gave a luncheon for her today. The party also included Misses Sophie Johnston, Laura Merriam, Margaret Draper, Adelaide Heath, Alice Whiting, Mary McCauley, Gladys Hinckley and Dorothy Gardner Williams.

Miss Taft was also the guest this afternoon of Miss Mary Chew, daughter of Mr. John Chew, at a tea. Their friendship dates back to their preparatory school days. Miss Taft will return to Bryn Mawr tomorrow and "Charlie" Taft will go back to his studies at the Taft School in Watertown, Conn.

TO ENTERTAIN MONDAY.

Miss Mollie Mathes will entertain at her home on Jackson street Monday afternoon, when her guests will be the members of one of the bridge clubs which includes in its membership:

Mrs. William Thorn, Mrs. Henry Roy, Mrs. Paul Dismore, Miss Ruth Talbot, Mrs. L. S. Church, Mrs. Rose Kane.

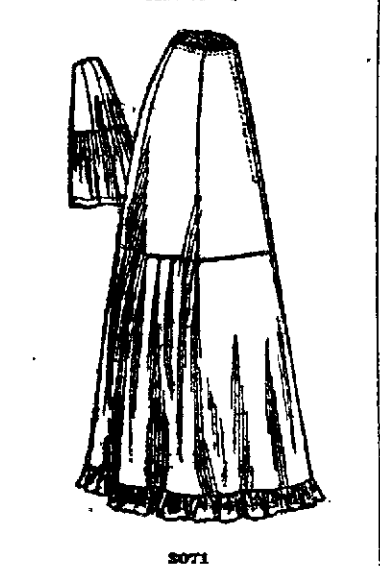

RETURN FROM EAST.

Mr. and Mrs. Marion Clark, parents of Mrs. Lin S. Church, have returned from a trip extending over four and one-half months, and are again at their home on Oakland avenue.

During their absence Mr. and Mrs. Clark visited in Oregon, Washington, Idaho, New York, the Southern States and the Panama Colon Canal.

WOULD HELP TO BUILD MERCHANT MARINE

Oakland Chamber of Commerce Appeals to Congress to Help

ADVOCATED CHANGE
IN THE POSTAL LAWS

Would Have Ships of Second
Class Paid Same Price
for Mails

Strong recommendation of the proposed amendment to the postal laws which will effect a noteworthy extension of the merchant marine of the United States was given by the board of directors of the Chamber of Commerce yesterday afternoon when sitting in annual quarterly session. They drafted resolutions which were today forwarded to the California delegation in Washington. The proposed amendment will extend to ships of the second class the same payment for ocean mail service as are now given to first class vessels. This step is taken on the ground that the American flag is, under present conditions, so seldom to be seen on the great maritime highways of the world that it is scarcely known by foreigners.

STRONG RESOLUTIONS.

The resolutions adopted were as follows: "Whereas, the disappearance almost entirely of the American flag from the oceans of the world has resulted in great losses to the financial, commercial and manufacturing interests of our entire country, as well as to our national pride; and

"Whereas, this country would be helped to move its exports and imports if the marine tonnage of other nations was withdrawn from neutral service by reason of war or for any other reason; and

"Whereas, California, with its great length of coast line and splendid harbors, is vitally interested in maritime commerce and is desirous of moving its products in vessels flying the American flag, therefore be it

Resolved, by the Board of Directors of the Oakland Chamber of Commerce, in meeting assembled this day, that they do hereby urge the House of Representatives, now before Congress, in session assembled and introduced by Humphrey of Washington, that bills for a modification of the postal act of 1891, by amendment, which if it becomes a law, will very much tend to restore the American flag over the foreign trade and without cost to the country, and will permit American interests to participate in trade running into millions of dollars from which it is now excluded, besides establishing direct communication with countries with which such communication does not now exist, and be it further

Resolved, that the Oakland Chamber of Commerce prays that Congress, in its wisdom will, by passing this act, give immediate relief, and again restore the American flag upon the oceans, be it further

Resolved, that a copy of these resolutions be forwarded to our representatives in Congress, with a request that they use their utmost endeavors to provide for a renewal of the American flag upon the oceans of the world."

APPEAL TO CONGRESS.

The resolutions call upon Congress to pass the act which is known as House Bill No. 2694, and was introduced last March by Representative Humphrey of Washington.

Support to the Federal census officials was also promised by the directors of the Chamber of Commerce today. James M. Burke, census supervisor for this district, was before the directors, and informed them that the taking of

RAILROAD MEN SAY STRIKE IS OVER

Business Men Declare That the Union Has no Hold in Many Cities

DECLARES ONLY THE
EMPTY ARE MOVED

President Hawley Reports That Companies Make Use of Ruse

ST. PAUL, Dec. 8. — After one week the striking switchmen have gained no material ground and the railroad officials assert that the strike has been broken. A trip through the terminals was made yesterday by a party of St. Paul businessmen and they signed report on the conditions as they found them indicates at least that whatever hold the switchmen have on the situation is outside the Twin Cities. St. Paul, Minneapolis, Duluth, Minneapolis Junction and the Minnesota transfer are working about normally.

At Great Falls, Butte, Spokane, Seattle, Superior and a few other places, the switchmen are said to have the upper hand.

At Great Falls, for instance, the normal equipment of the G. N. is nine engines and 22 men, while there are working only two engines and three men. At Butte, the normal is six engines and eighteen men, and there are working one engine and two men. Spokane's normal is five engines and fifteen men and they are working two engines and six men. At Seattle the normal is nine engines and 30 men, and three engines and six men are working.

President Frank T. Hawley of the Switchmen's Union declared that the railroads were making up trains of "empties" sealed, to convey the impression that freight was moving.

The officials say they can move freight as easily as they can handle "empties."

DITCH DISPUTE STARTS AGAIN

City Attorney Will Look Into Rights of W. E. Meek Who Dug Ditch

HAYWARD, Dec. 8. — The feud of long standing between the town of Hayward and W. E. Meek, one of the wealthiest property owners in this part of the State, has revived today, and it may be a conclusive impetus in the decision regarding the disposal of the storm waters which collect in Castro street in front of the Meek place, by the action of Town Marshal Seeling, who yesterday drove away an employee of the capitalist who was parading the site, and digging out the ditch, emptied it for the protection of other property owners on the street.

During the heavy rain the ditch was filled up and water rapidly collected in the street, which is depressed at that point. The water increased in depth during the night until the highway and sidewalks were impassable and the basements of the houses flooded. At 4 o'clock in the morning Town Marshal Charles Schilling was called up by the alarmed property owners and ordered the street department to dig out the ditch. City Attorney Gray will render an opinion in a day or so as to what rights the town has and as to whether Meek can be prosecuted for contempt of court in disobeying an injunction. The residents of the section affected are indignant over the controversy, declaring that it should have been settled before the wet weather set in.

DON'T BE TOO LATE.

Make reservations now for Xmas dinner and New Year's evening at Oakland's correct cafe, the Saddle Rock, Thirteenth street, near Broadway. Finest music and best cuisine. Hear the Hungarian orchestra. Special \$1.50 dinner with wines.

The census here will commence on April 15, 1910, and it must be completed in two weeks.

Supervisor Burke, in his address, stated that the probabilities are that Alameda county will be given a Representative in Congress at the next session after the census is completed. At present the Representative from this district represents Alameda, Contra Costa and Solano counties.

The basis of representation is one member for every 35,000 population. Alameda county has an estimated population of 350,000, so that even should Congress increase the population requirement, this county would still be entitled to a Representative by itself.

Adele Case, Contralto, Will Wed a Nephew of Metcalf's

MISS MARY ADELE CASE, young contralto singer, and Willard Metcalf Beam, to whom she is engaged.

An announcement of more than usual interest, is that of the engagement of Miss Adele Case, the young contralto singer of Berkeley, who during the past three years has attracted widespread attention in musical circles both here and abroad because of her beautiful voice, and Willard Metcalf Beam, nephew of Victor H. Metcalf, well known local banker and former Secretary of the Navy. Beam resides with his mother Mrs. I. W. Beam, at 903 Fell street, San Francisco, where he and his bride will make their permanent home; although the young singer will continue her career on the concert and operatic stage.

The engagement has been announced by Miss Case's mother, Mrs. Mary E. Case of Portland, Oregon, and the news was verified yesterday by Miss Case herself and by Mrs. Beam, at whose home the singer is residing while fulfilling her local musical engagements.

These tidings will cause a great deal of surprise in society, which has been persistent especially in New York, in declaring that she was to marry Claus Spreckels, Jr., who paid a great deal of attention to her while the two were students at the celebrated King Clark's vocal studio in Paris.

ADmits ENGAGEMENT.

"Yes, I am to marry Mr. Beam," admitted Miss Case yesterday afternoon. "That has been my intention right along, and I have not been engaged to anybody else. I am going to keep on with my music just the same and Mr. Beam is as ambitious for me as I am for myself."

No definite date for the wedding has been set, but it is expected that the marriage will be celebrated during the latter part of the winter or the early spring.

The romance of Beam and Miss Case dates from nearly five years ago, from the time the beautiful Oregon girl went to Europe for the cultivation of her remarkable contralto voice. Even before she went to Europe, though then a young girl, Miss Case won much attention on the concert stage.

Beam's only sister is Mrs. G. L.

**Says He Made Family
Work in Hop Fields**

According to Emma L. Towle's complaint for a divorce, filed this forenoon in the Superior Court, George C. Towle, a husky blacksmith, compelled his wife and two little children to pick hops in the Pleasanton fields for six weeks while he loafed, drank whiskey and cursed and abused them all.

At the close of the hop season he took his family to Santa Cruz, where he went to work for the North Shore Railroad at his trade. Mrs. Towle says after he had earned \$100 and drawn the money he shipped out to Oakland, without giving her an intimation of his intention, leaving her and the children stranded in Santa Cruz without a cent. With the assistance of acquaintances she managed to follow him with the children and Towle took them to Elmhurst six days while he went to work in San Francisco.

Then, the wife alleges, Towle threatened to kill her with a revolver, beat and choked her, and finally abandoned the family again, leaving them penniless.

STRIKERS BLOW UP NON-UNION HOUSE

Several Injured as Result of Iron, Steel and Tin Workers' Riot

COMPANIES PREPARE FOR
TROUBLE IN ALL QUARTERS

Secret Conference Officials is Being Held in New York City

PITTSBURGH, Dec. 8. — The strike of the Amalgamated Association of Iron, Steel and Tin Workers against the American Sheet and Tin Plate Company, a subsidiary of the United States Steel Corporation, which has been in progress during the last five months in the state of Ohio, West Virginia and Pennsylvania, is assuming serious proportions. Developments in the labor dispute today demonstrated the temper of the participants.

HOUSE DYNAMITED.

A house occupied by non-union men at Struthers, Ohio, was dynamited and several persons injured; a soldier opened fire on a striker at Bridgeport, without effect, however; non-union men were severely beaten at Newcastile, Pa., and the authorities at Wheeling, W. Va., and Martins Ferry, Ohio, are preparing for trouble.

SECRET CONFERENCES.

The officials of the United States Steel Corporation and the American Sheet and Tin Plate Company are said to be holding secret conferences in this city and New York.

The strike followed the "open shop" order of the company. If successful this means, it is said, the exclusion of the Amalgamated Association in the plants of the steel corporation. In this connection a conference of national labor leaders, under the auspices of the United States Steel Corporation, towards organized labor will receive thorough consideration.

Kleinschmidt Presses Suit Against Vollmer

Harry Kleinschmidt's \$10,000 damage suit against Chief of Police Vollmer and other members of the Berkeley Police Department, for alleged false imprisonment, etc., in connection with the death of Frank Bellows, continues to hold the attention of the jury in Superior Judge Ellsworth's court. The principal witnesses of the day were the Misses Bertha and Ellen Kleinschmidt, sisters of plaintiff. They both testified in the interest of their brother and said that Vollmer had admitted to them that there had been no warrant sworn out against Kleinschmidt accusing him of the murder of Bellows. They also testified that while Vollmer pretended to them that he was trying to befriend them in their trouble, all the time he was covertly doing everything he could to force a confession from him by the application of the "third degree" and other alleged tricks known only to the professional policeman.

7 HYATT BROTHERS MARRY ALL SCHOOL TEACHERS IN VALLEY

SACRAMENTO, Dec. 8. — Marriage is nobler than school-teaching or any other occupation, declared State Superintendent of Public Instruction Edward Hyatt today in paying tribute to a family of boys in Placerville Valley, Monterey county, who married every school teacher that has been sent down there during the last few years. There are eight sons of Amos Placerville, after whom the valley was named, and seven of these have married as many fair school-teachers who have come into the valley in as many terms. Many School Superintendents object to teachers being divorced from their work by matrimony, but Hyatt takes the opposite view. "I could never subscribe to such sentiments," he declared. "When a nice plump teacher marries some nice, steady fellow out in the country at the close of her first term, you never catch me standing around disgruntled and growling. No, sir-ree! I throw up my hat with glee and execute several jig steps and cotillions in my joy."

PASTOR'S WIFE GETS DIVORCE

Pretty Stenographer Is Said to Have Been the Cause of Trouble

SAN FRANCISCO, Dec. 8. — Mrs. Bertie M. Hadlock, the wife of the Rev. Edwin Harvey Hadlock, formerly pastor of the English Lutheran Church of this city and more recently in charge of the Congregational Church in Grass Valley, was granted a divorce this morning by Superior Judge Cahan. Hints of a sensation of a nature which caused the clergyman to resign his Grass Valley charge were made before the suit was filed, but the grounds, as specified by the wife on the witness stand this morning, were merely those of desertion.

"When by husband left me he said he wanted to be free and unhampered and alone, so that he could do his work," declared Mrs. Hadlock. The desertion is said to have occurred on May 10, 1907. The couple were married in Bradford, Me., July 20, 1889.

In Grass Valley, where for a time Dr. Hadlock was extremely popular, it is declared that he paid a great deal of attention to a pretty stenographer prior to the arrival of his wife. He made no effort to contest the divorce action, and it is understood that he contemplated seeking a separation himself.

DECLARES HER HUSBAND WILFULLY DESERTED HER

Emily Carlock instituted suit in the Superior Court today for a divorce from her husband, alleging willful desertion and asking for such other relief in the premises as the court may deem just and equitable. The couple were married in San Francisco in August, 1905, and plaintiff alleges that Carlock left her thirteen months afterwards. They are Fitchburg people.

SLASHER HAS WOMEN IN STATE OF TERROR

Feminine Population of Aurora Goes Abroad Armed and Night

BUSINESS MEN HAVE
ORGANIZED POSSE

Citizens Declare Fiend Will Be
Shown No Mercy if
Caught

CHICAGO, Dec. 8. — Panic-stricken by the constant danger of assault at the hands of "Jack the Slasher," an unknown fiend who, during the past few weeks, has attacked and seriously cut and wounded eight victims whom he in each instance accosted on the public streets, the women of Aurora, the vicinity in which the last crime was perpetrated, have armed themselves with small pistols concealed in their muftis or skirts. Without a weapon of some sort the members of the fairer sex are not permitted on the streets after dark, unless accompanied by a special officer from police headquarters.

In addition to the armed feminine brigade a committee of fifty business men have organized and are on the lookout for the "Slasher." They threaten to shoot him on sight. Chief of Police Michaelis who, for several days past, has had practically every trained man on the detective force working on the case, announced this morning that he has at last secured a clue to the identity of the man, and asserts that his arrest may occur at any moment.

"I am forced to the conclusion that it is a man who was much soured several years ago by the New York police for like crimes," stated the Chief today, "and as far as I am able to ascertain the man has been assaulted, tally exactly with those of the Gotham culprit. He escaped during the hunt for him in that city after nearly murdering a young mother who was carrying a babe in her arms. She was walking alone along the east side of the street, and he pulled her back from behind a tree, cutting her a cross the breast."

"Every effort was made to trace the man, but he dropped from sight mysteriously and since then there has been no further demonstration until he apparently turned up here. If it is the same person he is still liable to prosecution not only here, but in New York, and there is no possibility that he can escape with his own life imprisonment."

The description of the "Slasher" as furnished by at least a half dozen women whom he has attacked, is that of a dark, rather handsome individual, well dressed and possessed of exceptional strength. He wears a dark suit and sports a pulled down over his eyes, and on one or two occasions is said to have had a scarf tied across the lower part of his face.

EVADES THE ELECTRIC CHAIR BY SUICIDE

COLUMBUS, O., Dec. 8. — Frank Orman, a well known killer, who had been sentenced to hang himself in his cell in the County Jail last night and his body was found today. He was sentenced yesterday to die in the electric chair March 27.

The Dyspepsia Of Old Age

Strong Digestion and an Adequate Nutrition Invariably Mean A Long and Healthy Life.

There is a process known as metabolism going on constantly in the body, and by which the tissues are built up, and after having served their purpose in the physical economy, are torn down and cast off.

So long as the due relation between waste and supply is maintained, nutrition, and the various functions of the body are continued. But after middle life and in old age there comes a time when waste exceeds supply, and when the various elements which constitute the different fluids, tissues and organs no longer hold their due proportion, and the principle of life itself becomes enfeebled, the body no longer having power to assimilate new material as it once did.

As old age creeps on, all the functions gradually fail, especially those of digestion, absorption and assimilation, and the system being deprived of its full quota of nutriment, slowly wears out. If the nutritive and digestive processes of old people could be maintained unimpaired, life could be prolonged almost indefinitely.

There are many old persons in whose stomachs the gastric function is almost entirely suspended. When this trouble occurs, the problem is, how to digest the food and get along without the natural stomach juices. There is but one way to overcome the effects of this condition, and that is to supply artificially to the stomach a powerful digestive substance to take the place of the juices which it fails to secrete naturally.

For this purpose, there is nothing superior to STUART'S DYSPEPSIA TABLETS known to medical science, as they supply the deficiency, and are such a reliable and thoroughly efficient substitute for the natural gastric juices, that if two or three are taken after each meal, the food will be digested in so complete a manner, that the natural digestive fluids will never be missed.

Stuart's Dyspepsia Tablets should be used by all old and middle aged persons, in order to prevent or cure the dyspepsia of old age. Through their use complete digestion of the food is assured, with a consequent increased nutrition of the body, and a saving of the sensibility and decrepitude of old age.

This remedy is, however, not only good for the indigestion incidental to advanced life, but is also applicable to the dyspepsia and stomach troubles of any age, from youth up.

Secure a package of this famous dyspepsia remedy from your druggist for 50c and if you find that as you get older, your digestion and assimilation become weaker, this remedy will assist the stomach in the performance of its functions, so that the general system will not suffer from the delinquency of the digestive organs.

A sample package will be sent you if you will forward your name and address to the F. A. Stuart Company, 150 Stuart Building, Marshall, Michigan.

FATHER AND SON IN FIERCE FIGHT

Lad Puts Up a Strenuous Battle to Protect His Mother

SAN FRANCISCO, Dec. 8.—Angered at his wife's having brought suit against him for divorce and the prospect of being summoned into court, Henry Goodman, a mechanic, residing at 1817 Vermont street, became involved in a quarrel with her at a late hour last night. Hot words were exchanged between the couple, and the dispute had assumed warlike proportions when Jake Goodman, their nineteen year old boy, intervened in favor of his mother.

Father and son clinched, and in the fight which followed the parent received a lacerated wound of the scalp, a cut on the index finger of his left hand and other bruises, while young Goodman was bitten on the lip and received a cut on his face at the hands of Mr. Goodman.

Policeman Sullivan was called in by the frantic wife and mother, and both of the contestants were taken to the Potrero Emergency hospital, where their wounds were dressed.

Poles of Oakland Organize a Society

For the purpose of regenerating the Polish language among Polish residents of this city, a Polish society was formed Monday evening at the home of Albert A. Bernarz, 938 Telegraph avenue. The chief aims of the organization are to encourage a closer intimacy with the Polish language, its literature and traditions and to strengthen the bonds of friendship among the Polish people of America.

A committee was elected to draft a constitution and bylaws. The report of that body will be received on next Monday at the same meeting place. The society elected the following officers: Hugo Henry Illensthal, president; Felix A. Kuczyński, secretary; Albert A. Bernarz, treasurer.

FROZEN TO DEATH IN SAN BERNARDINO HILLS

SAN BERNARDINO, Dec. 8.—Accompanied by several horsemen, Corporal Van Wyke left today for the month slope of the San Bernardino mountains, near the head of the Daley trail, to recover the body of an unidentified man who is supposed to have frozen to death.

Hunters returning from the Little Bear valley saw the body lying under a foot and a half of snow, but were unable to bring it in.

Y.W.C.A. Will Give Bazaar to Secure Funds for Row Boat

MISS MABEL LAW, who will have charge of the grab bag at the Y. W. C. A. entertainment and bazaar Friday.

Next Friday evening the Young Women's Christian Association will give a bazaar and entertainment at the boarding home on Franklin street, between Nineteenth and Twentieth streets. The object is to raise sufficient funds to buy a new boat. Some years ago the Association owned a row-boat which was kept in the boat-house on Lake Merritt, and gave those who liked athletics the opportunity to practice the art of rowing. It wore out with the years.

Mrs. Cruikshank, matron of the boarding home, and Miss Walker, secretary of the Association, are planning means to get a new one, and the young women living at 1424 Franklin street are doing their best to make the affair a success. The public is invited to come and if it cannot find anything to please it in the booths downstairs it will enjoy the entertainment which is to be given during the evening.

There will be Christmas presents of all descriptions for sale; a grab bag, where those willing to take a "chance" may do so; a professional fortune teller to satisfy the curiosity, remove the doubts, or revive the memories of any concerning the future, present or past, as the case may be. Refreshments will be served, including coffee and doughnuts, or waffles.

"Sinkers" are desired, and Japanese and Russian tea, by maidens in costume of those nations. There will be plenty of candy for the children.

The young women assisting Miss Helen Gale, chairman of the entertainment committee, are Misses Mabel Law, Hazel Thomas, Mildred McGinnis, Mrs. Johnson, Horn, Allen, Williams, Cleary, Beck, Burris and Robeson.

Those in the booths are: Misses Jackson and Hill, art and needle work; Miss Lulu Cartwright, candy; Miss McGinnis and Mrs. Johnson, waffles; Misses Renard and Knight, Japanese and Russian tea; Misses Williams, Egenhoff and Deamer, Dutch booth. Miss Mabel Law will have charge of the grab-bag.

TEACH WOMEN TO COOK, SAYS SMOOT

Will Ask Appropriation for Agricultural Colleges Teaching Domestic Science

WASHINGTON, Dec. 8.—"There is just as much need that a woman should be taught how to cook and sew, making her own hats and darn her husband's socks, as there is to teach a man how to get one, as there is to teach a man how to get one," said Senator Smoot. He followed this statement with the announcement that he would introduce a bill making appropriations of \$10,000 each to agricultural colleges, which funds were to be used in the teaching of domestic science.

Senator Smoot acknowledges that fun would be made of such a measure and that it would be opposed from many quarters, but he says he feels sure that he can have it enacted.

RECORD OF RAINFALL

The rainfall for the twenty-four hours ending at 8 a. m., was .12, making a total of 8.46 for the season.

CHICAGO, Dec. 8. — With their presence in Chicago known only to a few intimate friends, Baron Thilo von Wilimowski and the Baroness, daughter of Alfred Krupp, the late gunmaker of Essen, Germany, have been in Chicago since December 4.

The Baroness von Wilimowski was Frauella Barbara von Krupp, second daughter of the great cannon king. She and her sister, Bertha Krupp, who now is married to Herr Gustave von Boden and Halbach, were known as the "two richest women in the world."

While friends of the German visitors assert that the trip to this country is purely for pleasure, a visit to the United States Steel Works at Gary, planned for today, aroused a belief that the Baron von Wilimowski and his wife, who still take an active part in the affairs of the great cannon factory, are especially interested in extending their knowledge of the great American plants.

POISON TURNED TO ITCHING ECZEMA

On Hands and Face—Torment Prevented Sleep—Sufferer Had to Give Up His Work—Specialists and "Cures" Utterly Failed.

IS CURED AND CALLS CUTICURA WORLD'S BEST

"Three years ago, while a conductor, I was poisoned from the brass railings on the cars. I contracted eczema on my hands, and my face. In wiping the perspiration from my face, I poisoned my nose and skin and was unable to do my work. I had to give up my position and was treated by specialists, but to no avail. I tried every remedy I was told of and took up so much medicine that I felt like a walking drug shop. The doctors could only relieve me for a little while.

One day I chanced to see a Cuticura advertisement and thought I would try the Cuticura Remedies, but I had no faith at the time as I had been deceived by so many so-called cures. After three applications of Cuticura Ointment, the itching ceased and after using two boxes I was completely cured and shaving does not interfere with it whatsoever. My nose is as clear as ever and I am now a well man both in body and mind. I consider the Cuticura Remedies to be the best in the world and I trust some poor sufferer will see this and be benefited thereby.

I used Cuticura Soap, Ointment and Pills. I can also say the suffering was intense. It itched and burned so that it was impossible to sleep but, thanks to the wonderful Cuticura Remedies I am now well. I enclose for you a graph which you may publish. Harold Ayers, 783 Jefferson Ave., Brooklyn, N. Y., Dec. 7 and 18, 1908."

For eczemas, rashes, hiccups, irritations, inflammations and other troublesome conditions of the skin and scalp and for the prevention of the same, as well as for the scalds, antiseptic cleaning of ulcers, indurated surfaces and other uses which readily suggest themselves to women, Cuticura Soap and Cuticura Ointment, assisted when necessary by Cuticura Resolvent, are indispensable.

Sold throughout the world. Foster Drug & Chem. Corp., New York, Boston, San Francisco, Chicago, St. Paul, Minneapolis, St. Louis, Philadelphia, Baltimore, Washington, D. C., and in all large cities.

The Best Peaches From A Million Trees Are Yours

We have the crop from more than one million peach trees and put up the entire product, amounting to about twenty thousand tons of Peaches a year. These Peaches are graded as to size and quality, peeled, cooked, and canned in a syrup made of pure granulated sugar.

From this great quantity we obtain every quality, and put them out under more than two hundred different brands and labels. Most of these brands are our own; some belong to dealers. Our choice selections—the large, tree-ripened, firm and delicious fruit—is packed in a heavy, clear, guaranteed sugar syrup.

The Del Monte brand Peaches are the pick of the entire lot of the one million trees. Not all peaches on a tree meet with the Del Monte requirements.

The care with which they are handled is the best we know how to give them. No bruised fruit goes into Del Monte cans.

The syrup is as clear and pure as it is possible to make it. Such Peaches as Del Monte are not found under the ordinary label. Since we put up more than any other concern—several times over—we know that Del Monte is the choice. You can get the favorite, Del Monte brand, at most grocers, at 20 cents per can. The price is the same everywhere.

Del Monte

Canned Fruits and Vegetables

Packed Where They Ripen
The Day They're Picked

—we know that Del Monte is the choice. You can get the favorite, Del Monte brand, at most grocers, at 20 cents per can. The price is the same everywhere.

You Can Get Jellies and Jams Under the Del Monte Label—Del Monte Quality

We are also the largest manufacturers of Jams, Jellies, Preserves, etc. Del Monte brand is made of the finest pure fruit and sugar. Del Monte preserved strawberries, raspberries, blackberries, etc., are made from choice hand-picked fruit, and are put up in extra heavy syrup.

Del Monte is our prize brand. Whatever variety of canned or dried fruits, vegetables, jams, jellies, preserves, catsup, or honey you select, Del Monte is the safe brand to take.

ISSUE RULES TO PROTECT TREES

Park Commission Gives a List of Instructions for Tree Culture

As the City Council has turned the task of caring for the trees of the city over to the Park Commission, Commissioner James P. Edoff has the following suggestions to make relative to the preservation of live trees and removal of dead ones:

"The fact that so many of Oakland's trees are dead or dying is largely due to the absence of any systematic campaign on the part of the city for preserving them. Some of the reasons for the damage in detail are as follows:

"Use as hitching posts; scraping by vehicles or lawn mowers; hacking away of roots for laying curbing or sidewalk or making excavations; careless or ignorant pruning; contact with electric wires; leaks from gas mains; careless treatment during building operations; insufficient soil or water."

TO REMOVE DEAD TREES.

The proper method of procedure for removing dead trees is described as follows:

"1. Dig the earth from around the roots.

"2. Cut off the roots about two feet from the trunk.

"3. Dig out all root stumps.

"4. No large roots are to be left in the ground to interfere with future planting.

"5. The opening made by removal of trees should be refilled and the space properly graded.

"6. All dead wood and rubbish should be removed from the space.

"7. In trimming and pruning trees the following suggestions are given:

"1. Dead wood can be removed from trees at any season of the year.

"2. Cut out all branches to and parallel with its parent branch.

"3. Tear off no bark from living parts of trees.

"4. All surfaces exposed by trimming should be painted with coal tar, white lead or yellow ochre.

"5. By conscientious care and watchfulness and careful observation of these rules, the citizens of Oakland can do a great deal toward improving the appearance of the residence districts."

OBSERVE

That all that remains of the original, old and reliable firm of 'Brown & McKinnon', merchant tailors, is now at 111 San Pablo avenue, and fully alive, and will be pleased to show you a full and complete line of seasonable goods. Expert cutter. Come and see us. Prices right.

CANADA ADOPTS NEW NAVAL POLICY

Will Build Cruisers Which Are to Be Controlled by Dominion

OTTAWA, Ont., Dec. 8.—At a caucus of the Liberal members of Parliament yesterday, the naval policy of the government was endorsed. This means that the Laurier government will have the votes to put through its naval proposals for the construction of a small number of protected cruisers and torpedo boats and the subsidizing of certain ship yards and drydock plants.

It means that the agitation started for a direct marine contribution to the imperial defense and for the presentation of dreadnaughts to the royal navy has not swerved the government from its purpose to build only a small fleet and to make that absolutely responsible to the Dominion Parliament instead of the British Admiralty.

OPERATIONS WITH STOVAIN PAINLESS

Prof. Thomas Jonnesco, Roumanian Scientist, Gives Demonstration

NEW YORK, Dec. 8.—Before an audience of distinguished surgeons Professor Thomas Jonnesco, the Roumanian scientist, has demonstrated that painless operations could be performed on patients while they remained conscious. Professor Jonnesco hypodermically injected stovaine into the spine, at the same time administering strychnine to strengthen the heart.

Three children and a woman were operated on by local surgeons after Dr. Jonnesco had applied the stovaine. Dr. William J. Mayo of Rochester, Minn., attended the demonstration as the special guest of Professor Jonnesco.

Dr. Mayo was so impressed that he invited the Roumanian scientist to visit the west and demonstrate his discovery and Professor Jonnesco accepted.

S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrh comes as a result of impurities and morbid matter in the circulation, and is a disease that only attacks mucous membranes. The entire inner portion of the body is lined with a delicate skin or covering of soft, sensitive flesh. Thousands of tiny blood vessels are interlaced throughout this mucous surface, and it is through these that the inner membrane receives its nourishment and is kept in healthful condition. When, however, the blood becomes infected with catarrhal impurities the tissues become diseased and Catarrh gets a foothold in the system. The early stages of Catarrh are characterized by such symptoms as a tight, starchy feeling in the head, watery eyes, buzzing noises in the ears, with partial deafness and often difficult breathing and chronic hoarseness. These are merely symptoms, and while sprays, inhalations and other local treatment may temporarily relieve them, Catarrh cannot be cured until the blood is purified of the exciting cause. S.S.S. cures Catarrh by cleansing the blood of all impure catarrhal matter. It goes down into the circulation and attacks the disease at its head, and removes every particle of the catarrhal impurity. Then the mucous linings are all supplied with fresh, pure blood, and allowed to heal, instead of being kept in a constant state of irritation by the catarrhal matter. Special book on Catarrh and any medical advice free.

APPLICATION FOR LIQUOR LICENSE.
An application for liquor license was received from J. L. Costa, Irvington.

Same was referred to the Judiciary, Printing and License Committee, hearing on it being set for Wednesday, December 20, 1909, at 10 o'clock a. m., regulate notice to be published in the Township and Newark Registry.

REPORT OF JUDICIARY, PRINTING AND LICENSE COMMITTEE.
The Judiciary, Printing and License Committee reported favorably on the following liquor applications, there being no protest:

Giovanni Pieretti, Jones avenue and Fifth street, Elmhurst.
Thomas J. Klink, Warm Springs.
M. Poncet, Mission San Jose.

Thereupon, on motion of Supervisor Bridge, seconded by Supervisor Kelley, appropriate resolutions were introduced and adopted approving the respective bonds of said Pieretti, Klink, and Poncet, and granting them permits to obtain licenses for the sale of liquor for one year, by the following vote:

Ayes--Supervisors Bridge, Kelley, Mullins and Chairman Horner--4.
Absent--Supervisor Foss--1.

ABANDONMENT OF GRAY STREET.
In the matter of the petition of Fred E. Reed and others for the abandonment of Gray street, Claremont Road District, two communications were received, one from Charles P. Craig, Berkeley, Cal., to Fred E. Reed, the other from Fred E. Reed, president of the Board of Supervisors, to Roy J. Young, each communicating acknowledging consent of interested parties to the proposed abandonment of said Gray street. Same were ordered filed.

An oath of Viewers for said proposed abandonment together with a Report of Viewers were received:

On motion of Supervisor Foss, seconded by Supervisor Mullins, the foregoing petition was adopted and the proposed abandonment of said Gray street was ordered by the following vote:

Ayes--Supervisors Bridge, Foss, Kelley, Mullins and Chairman Horner--5.
DEEDS FOR STRAIGHTENING AND EXTENSION OF KING AVENUE.

Nine deeds were received in connection with the straightening and extension of King avenue, Fruitvale District. The deeds were as follows:

Adolph Lorschach and Martin Lorschach to J. Trautmann.
A. Trautmann to the County of Alameda.

J. A. Anderson to C. P. Nicholson.
C. P. Nicholson and wife to the County of Alameda.

Flora B. Bartlett and William H. Bartlett (her husband) to J. J. Kerr.
J. J. Kerr to the County of Alameda.

The County of Alameda to J. J. Kerr.
On motion of Supervisor Bridge, seconded by Supervisor Kelley, the foregoing deeds were adopted and the proposed extension of said King avenue was ordered by the following vote:

Ayes--Supervisors Bridge, Kelley, Mullins and Chairman Horner--4.
Absent--Supervisor Foss--1.

KING RESUMES HIS HONEYMOON

Portland Man Released From Jail Meets Bride at Ferry

The three weeks' honeymoon of Herbert Booth King, the Portland architect, which was so summarily interrupted last Friday night, when he was torn from the arms of his bride at the Key Route Inn and taken to the city prison in San Francisco, where he has since been confined, has again resumed its happy course. A telegram from Chief of Police Cook of the northern city stating that King's alleged victims have refused to prosecute and instructing that he be released, reached the city at the request of the bride and groom, who met each other at the ferry depot by a peculiar chance less than an hour after King was freed.

The bride, intending to start for Portland on the night train, was crossing the bay to bid her husband a fond farewell. King, eager to intercept his bride before she left the city, was crossing to this side of the bay. They met in the ferry building. There followed tears, congratulations and rejoicing.

The advice which preceded the arrest of King came from the chief of police of Portland, and stated that a warrant charging felony had been issued in Portland and that a detective would immediately be sent here after the prisoner. The local police expected the arrival of the detective today.

King, when questioned as to the charges, declared that he was completely at a loss to account for them. He said he was more than anxious to return and face any charges and added that he would immediately after he had disposed of the charges begin suits in retaliation against those who had brought them.

U. S. Collier Justin Breaks Tail Shaft

SAN FRANCISCO, Dec. 8.—The United States Collier Justin, with a broken tail shaft, was towed into the harbor early today by the steam schooner Yellowstone, which found the government vessel making slow time into port under sail. The accident to the Justin occurred at 7 o'clock last night in Pigeon Point while she was returning from Magdalena bay.

Strike Breakers Are Hurt in Explosion

STRETHERS, Ohio, Dec. 8.—A large house occupied by tin workers brought here to break the strike at the American Sheet and Tin Plate company, was dynamited early today. The house was occupied by the families of Harry Birney and Louis Smith, who were recently imported.

William Birney, father of Harry Birney, was almost suffocated by being buried under debris and six other members of the two families suffered slight injuries.

The house was virtually demolished.

KENT MAKES ADDRESS TO THE MEN'S LEAGUE

At the regular dinner of the Men's League of the First Congregational Church held last night in the church parlors, Twelfth and Clay streets, William Kent, a member of the Chicago board of aldermen, addressed the League. His theme was "Rights and Special Privileges and What Constitutes Interference."

In an eloquent and forceful manner Kent described the part that politics played in commercial and business life and gave his ideas of the interference that the law ought to make. Kent took a prominent part during the famous troubles over the granting of franchises to street railway corporations in Chicago.

The annual election of officers of the League resulted as follows:

President, William C. Barnard; vice-president, R. A. Leet; secretary, F. W. Moore; managerial board, R. F. Fisher, Homer A. Miller, B. H. Pendleton and E. J. Jolly.

TELEPHONE COMPANIES BURY THE HATCHET

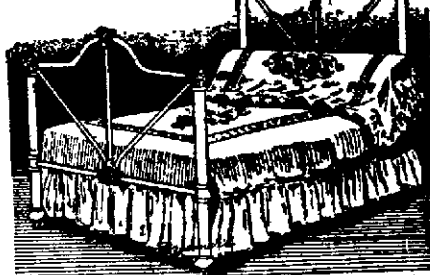

CHICAGO, Dec. 8.—There will be no war between the Independent and the Bell Telephone Company and we'll have connection with Chicago within a year.

This was the declaration made yesterday at the convention of the International Independent Telephone Association by the secretary, J. B. Ware, who made a report showing a remarkable growth in the independent field.

"There will be no trouble regarding the future of the Independent Telephone Association nor the operations of the independent telephones throughout the country," said Secretary Ware. "Our chances for getting into the larger cities are brighter than ever, and if signs and hard work do not fail, we will have connection within Chicago within the coming year."

A Breuner present brings home comfort

CHINN and BERETTA

---Here is an unusually good suggestion for a Christmas present

—Do you know of anyone who should be wearing glasses but can not well afford to purchase them?

—Think now—there surely IS some one of this description among those you know.

—What could be more welcome to them than a good pair of glasses, made to order for them?

—Just imagine, if you can, the comfort and the continuous and everlasting pleasure they would derive from your thoughtfulness.

—In order that people may make such gifts we have issued some exceedingly attractive "Merchandise Orders" which can be made out for any amount you desire and presented as the gift.

—Then after Christmas the recipient can call and be fitted. Nothing could constitute a more thoughtful gift.

KIDNEY DISEASE IS AN AWFUL AFFLICTION

Yet if you will but heed nature's warnings at once you may prevent all the pain or you can stop the trouble—if you know how.

The uric acid poison that too often permeates the human system and results fatally to so many should be regularly passed off daily by the kidneys—if they are well.

But if the kidneys are not well, of course, they cannot perform perfectly the work assigned to them by nature and the result is very quickly shown in weak back, pains in the back, swelling of the ankles and feet, puffiness under the eyes, etc. These are the simple symptoms of kidney trouble, but they are the forerunners of diseased kidneys, and you know kidney disease is an awful thing.

Don't allow the kidneys to get out of order. You wouldn't care to take any chance with having Bright's Disease, Diabetes, Gallstones, and the like, yet that is what you may have and likely will have by neglecting to help the kidneys when the kidneys are weak. The best way we know of to assist nature in restoring the kidneys to normal condition is by the use of DeWitt's Kidney and Bladder Pills. These wonderful pills are now almost universally used in this country and the results obtained by thousands of people are most gratifying.

DeWITT'S KIDNEY AND BLADDER PILLS

SENATOR DETRICK IS NEARING THE GRAVE

OMAHA, Mo., Dec. 8.—The condition of former Senator Charles H. Detrick, at the Methodist hospital, was reported this morning as unchanged since last night. There is little hope of his recovery.

Have Agreed to Pay The Bullion Tax

RENO, Dec. 8.—Upon the representation of District Attorney Augustus Tilden of Esmeralda county that the Pittsburg-Silver Peak Gold Mining Company officials had obligated themselves to pay the bullion tax, for the collection of which criminal prosecutions were instituted, the Esmeralda county commissioners yesterday equalized the tax according to the agreement and authorized the dismissal of the indictments against the officers and directors of that company. This means that all criminal prosecutions directed against President Flint, United States senator, and others of the company in Pennsylvania, subordinate officers in Nevada and others will cease, and that the disputed tax will be paid.

Plan Sugar Beet Factory in South

RENO, Nev., Dec. 8.—Dr. H. C. Hazell of Fallon returned to Reno last night after a week spent in Southern California in the interest of a proposed sugar beet factory for that section and reports that capitalists interested in the movement will arrive in Reno today and will begin immediately to work on the project.

A factory having a capacity of 500 tons of sugar beets a day is contemplated, and will involve an expenditure of \$500,000. Dr. Hazell stated that Heinze Brothers, who have interests in Southern California and who have managed similar enterprises in Michigan and other parts of the country, will organize a corporation for the work.

BANK PRESIDENT IS TAKEN INTO CUSTODY

JANESVILLE, Wis., Dec. 8.—Calvert Spensley, president of the defunct First National Bank of Mineral Point, who was indicted by the Grand Jury, was arrested and taken to Madison today.

Co-Ed Given Bath, Then Painted Red

CHARLESTON, W. Va., Dec. 8.—The State Board of Regents started an investigation today into the hazing of Miss Mattie Taylor, a student of the Fairmont State Normal school at Fairmont, W. Va., who was given an ice bath and painted red, it is alleged, because she rooted for the wrong football team recently.

Mothers find Perry Davis' Pain-Killer invaluable in the nursery, and it should be kept at hand in case of accident. For pain in the breast take a little Pain-Killer in sweetened milk and water, bathing the breast in it clear at the same time. If the milk passages are clogged, from cold, or other causes, bathing in the Pain-Killer will give immediate relief. Ask for 25c bottle.

WOMAN ENDS HER LIFE.
ROSEWELL, N. M., Dec. 8.—Despondent because of the continual drinking of her husband, Mrs. J. D. Deering of this city drank a large quantity of carbolic acid last night. She died about two hours after drinking the poison.
